Bahrain Dustproof and Explosion-proof Distribution Box Factory

Overview

Intrinsically Safe Distribution Box in Bahrain | IS Distribution BoxesBuy Intrinsically Safe Distribution Box in Bahrain from Atex Hub. ATEX certified expl.

Key Takeaways

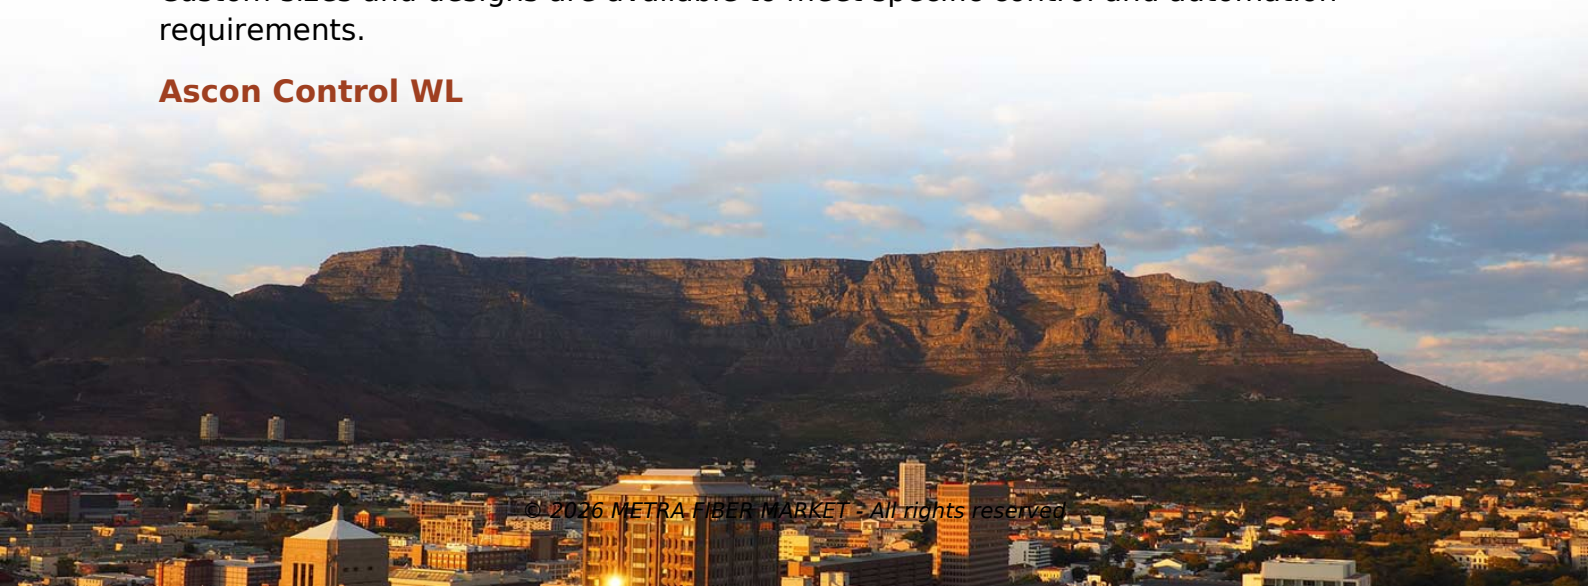

Bahrain offers several trusted manufacturers of dustproof and explosion-proof distribution boxes, including Gims Tech Power, Ascon Control WLL, and BSLI, providing industrial-grade enclosures for hazardous and outdoor environments.

Key Manufacturers and Offerings

Gims Tech Power Trading Company specializes in durable, weather-resistant enclosures designed for industrial and commercial use. They offer IP55, IP65, and IP66-rated enclosures made from steel, stainless steel, aluminum, and fiberglass-reinforced polycarbonate. Their explosion-proof (EX) enclosures are suitable for hazardous environments like oil and gas, chemical plants, and mining, ensuring protection against dust, water, oil, and shock.

Custom sizes and designs are available to meet specific control and automation requirements.

Ascon Control WL

L manufactures junction boxes and circuit breaker enclosures for both indoor and outdoor applications. Their products comply with IEC 60529 standards and are available in IP31, IP54, IP55, and IP65 ratings, as well as NEMA 4/4X enclosures. They provide custom solutions for control panels, distribution boards, motor control centers, and instrumentation panels, ensuring sufficient internal cable space and proper cable bending radius.

Bahrain Switchgear & Lighting Industries (BSLI) is an OEM offering custom electrical power distribution equipment, including distribution boxes and switchgear.

BSL

I emphasizes high-quality components, strict industrial quality assurance, and flexible design using components from major manufacturers like ABB, GE, and Hyundai. Their enclosures are suitable for industrial, commercial, and energy applications, with options for extended warranties and tailored specifications.

Materials and Protection Features

Steel and Stainless Steel: Corrosion-resistant, ideal for chemical or high-moisture environments. Aluminum: Lightweight, durable, and suitable for outdoor installations.

Polycarbonate/

Fiberglass: High impact resistance, IP66-rated for dust and water protection.

Explosion-

Proof Design: Certified EX enclosures prevent ignition in hazardous atmospheres. Ingress Protection: IP55–IP66 ratings ensure dustproof and waterproof performance.

Applications

These distribution boxes are widely used in: Oil and gas facilitiesChemical and petrochemical plantsMining and heavy industrySolar and renewable energy systemsFactory automation and machine control panelsCustomization and ComplianceManufacturers in Bahrain provide custom sizes, materials, and internal configurations to meet specific industrial requirements. Many enclosures comply with international safety standards and are designed for extreme temperatures, shock resistance, and long-term durability. For businesses seeking dustproof and explosion-proof distribution boxes in Bahrain, contacting Gims Tech Power, Ascon Control WLL, or BSLI can provide tailored solutions with reliable performance in hazardous and industrial environments.
