Busline Connector Price

Overview

Omron S8T-BUS02 Busline Connector For S8TS Twr Smok Find many great new & used options and get the best deals for Omron S8T-BUS02 Busline Connector For S8T.

Key Takeaways

The Omron S8T-BUS02 Busline Connector is typically priced around $8–$12 per unit on online marketplaces like eBay. The Omron S8T-BUS02, designed for S8TS TWR clamp holders, is available on eBay with prices generally ranging from $8 to $12, depending on the seller and shipping options. These connectors are used to link multiple S8TS power supply units efficiently and ensure reliable electrical connections.

Other Busline Connector Options

For broader bus bar connector needs, suppliers like Mouser Electronics and RS Components offer a wide range of bus bar connectors suitable for industrial and electrical applications. Prices for these connectors vary significantly based on: Current rating (amperage capacity)Material (copper, aluminum, or stainless steel)Mounting style (bolt-on, clamp, or blind connection)Brand and certification For example, high-quality stainless steel flange connector kits for automotive or industrial busline systems are available on Amazon, with prices typically starting around $20–$30 per kit depending on size and specifications.

Tips for Purchasing

Compare prices across multiple vendors to find the best deal. Check for shipping costs and delivery times, especially for international orders. Ensure compatibility with your specific bus bar or power supply system.

Consider bulk purchases if multiple connectors are needed, as some suppliers offer discounts. By reviewing eBay, Mouser, RS, and Amazon listings, you can select a Busline Connector that fits both your technical requirements and budget.
