Central Asia Mesh Cable Tray Manufacturer

Overview

Central Asia Finished Mesh Cable Tray Factory Buyers & Importers. Sell Central Asia Finished Mesh Cable Tray Factory in bulk to verified buyers and impor.

Key Takeaways

Top recommended manufacturers for mesh cable trays accessible to Central Asia include Cable Trays Manufacturer (Pakistan), ISP (Middle East/Asia), BESCA (China), OBO (China), and JLH Electric (China). Key Manufacturers1. Cable Trays Manufacturer – Pakistan This company offers high-quality wire mesh cable trays, perforated trays, ladder trays, and powder-coated options suitable for industrial and commercial projects.

Their products are designed for durability, ventilation, and easy maintenance, making them ideal for factories, buildings, and infrastructure projects in Central Asia. They provide competitive pricing for bulk and custom orders. 2.

IS

P – Integrated Steel Plant ISP produces stainless steel and electro-galvanized wire mesh cable trays with flexible cage structures. Their trays are widely used in food production, data, and low-voltage installations, offering excellent support for fiber optic and communication cables. They provide multiple joint spacing, brackets, and clamp options for versatile installation.

3.

BESC

A – China Shanghai Besca Industrial Co., Ltd specializes in professional cable support systems, including mesh cable trays.

BESC

A trays are designed for easy installation, multiple load capacities, and adaptability to commercial, industrial, and mining sites. They offer a range of profiles and depths to suit project-specific requirements. 4.

OB

O – China OBO provides industrial mesh cable trays suitable for complex installations. Their systems are known for robust construction and efficient cable management, supporting both electrical and data cabling needs. 5.

JL

H Electric – China Shandong Jinheng Electric Co., Ltd (JLH Electric) manufactures a complete line of cable trays, including wire mesh trays, ladder trays, perforated trays, and custom solutions. They offer hot-dip galvanized, powder-coated, stainless steel, PVC, and fiberglass options, with ISO 9001: 2015 and CE certification.

JL

H Electric has extensive experience supplying industrial and commercial projects worldwide, making them a reliable choice for Central Asian markets.

Considerations for Central Asia

Material selection: Stainless steel or galvanized trays are recommended for corrosion resistance in harsh climates. Customization: Choose manufacturers offering custom sizes and load capacities to match project requirements. Local support: Companies with regional distributors or shipping capabilities to Central Asia can reduce lead times and installation challenges.

These manufacturers provide a range of high-quality mesh cable trays suitable for industrial, commercial, and infrastructure projects in Central Asia, ensuring durability, flexibility, and compliance with international standards.
