China-Africa Mesh Cable Tray Installation Manufacturer

Overview

Home With over 20 years of expertise, we specialize in the R&D, production, and global supply of high-quality cable tray systems, including perforated tray.

Key Takeaways

China hosts numerous mesh cable tray manufacturers capable of supplying high-quality wire mesh and basket cable trays to Africa, offering customization, international standards compliance, and global shipping. Leading Chinese ManufacturersMax. Bonet Cable Tray – Specializes in wire mesh and basket cable trays, providing durable solutions for network and electrical cable management, compliant with international standards, suitable for industrial and commercial projects.

Vichnet – Offers a wide range of cable support systems including wire mesh and fiber cable trays, emphasizing safety and customized solutions for IT infrastructure, smart manufacturing, and logistics applications. Tianhong Cable Tray (Shandong Tianhong Electric Power Technology Co., Ltd.) – Established in 2006, Tianhong provides perforated trays, cable ladders, trunking, strut channels, and fittings. They offer OEM & ODM services, automated production lines, and fast delivery for global projects, including Africa.

Holdee and Other Suppliers on Made-in-China – Provide wire mesh, ladder, and perforated cable trays with corrosion resistance, fire-resistant options, and various widths (50mm–1000mm). Many suppliers offer factory-direct pricing and customization for industrial and data center applications.

Shandong JL

H Electric Co., Ltd. – Recognized as a top manufacturer with large-scale facilities, CNC machines, and robotic welding lines, producing ladder trays, perforated trays, and wire mesh systems suitable for large-scale projects like solar farms and industrial plants.

Key Features for Africa Supply

Material Options: Hot-dip galvanized, pre-galvanized, stainless steel (SS-202/304/316), powder-coated finishes. Product Types: Wire mesh trays, basket trays, ladder trays, perforated trays, enclosed trays, and accessories (bends, elbows, tees, reducers),. Customization: OEM/ODM services, adjustable dimensions, and project-specific solutions.

Compliance: Many manufacturers adhere to international standards (RoHS, IS-277, IS-2629) ensuring safety and durability. Delivery & Support: Manufacturers provide global shipping, project engineering support, and technical consultation for installation in African markets.

Conclusion

For African projects requiring mesh cable trays, sourcing from Chinese manufacturers like Max. Bonet, Vichnet, Tianhong, Holdee, and JLH Electric ensures access to high-quality, customizable, and internationally compliant products. These suppliers offer a broad range of cable tray types, finishes, and accessories, along with reliable shipping and technical support tailored for industrial, commercial, and data center applications across Africa.
