Croatian manufacturer of protective optical fiber cables

Overview

Discover all relevant Fiber Optic Cable Manufacturing Companies in Croatia, including Dark Fiber d.o.o. Zagreb and DEKOD TELEKOM d.o.o.

Key Takeaways

Fortis Projekt, Telecron, and Elektro Imber are key Croatian companies specializing in protective optical fiber cables and related network solutions.

Fortis Projekt

Fortis Projekt is a Zagreb-based company focused on designing and constructing electronic communication networks, including FTTx networks using fiber optic cable technology. They provide complete solutions for fiber deployment, including blown cables, microhouse systems, and protective fiber optic cables, ensuring high-speed broadband connectivity. The company also offers planning, construction, and maintenance services for city, long-distance, and aerial cable networks, making them a comprehensive provider for both infrastructure and protective fiber solutions.

Telecron

Telecron d.o.o., founded in 1991, operates in the telecom and IT markets and is an authorized distributor of fiber optics, fiber optic blowing equipment, and testing devices. While primarily a distributor, Telecron supports installation and protective handling of fiber optic cables, offering tools and equipment for cable laying, splicing, and testing. Their expertise includes both copper and fiber data cables, making them a valuable partner for protective fiber cable deployment.

Elektro ImberELEKTRO IMBER specializes in optical communications and provides end-to-end fiber network deployment solutions. Their offerings include preconnectorized drop cables, patchcords, splitters, and protective optical cables designed for FTTH and PON networks. They focus on high-quality protective solutions, including splice closures, distribution boxes, and optical enclosures, ensuring durability and reliability in complex installations.

Their products are optimized for low bending radius and easy installation, supporting modern digital services and 5G infrastructure.

Summary

For protective optical fiber cables in Croatia, Fortis Projekt is ideal for full network deployment and construction, Telecron provides specialized tools and distribution for fiber handling, and Elektro Imber offers high-quality protective fiber products and enclosures for FTTH and PON networks. These companies collectively cover manufacturing, supply, and deployment of protective optical fiber solutions in Croatia.
