Direct supply from Egyptian fireproof cable tray manufacturer

Overview

Cable Tray Manufacturer In Egypt | Metal StoreMetal Store is a leading cable tray manufacturer in Egypt, providing Cable Tray Systems & Solar Energy Soluti.

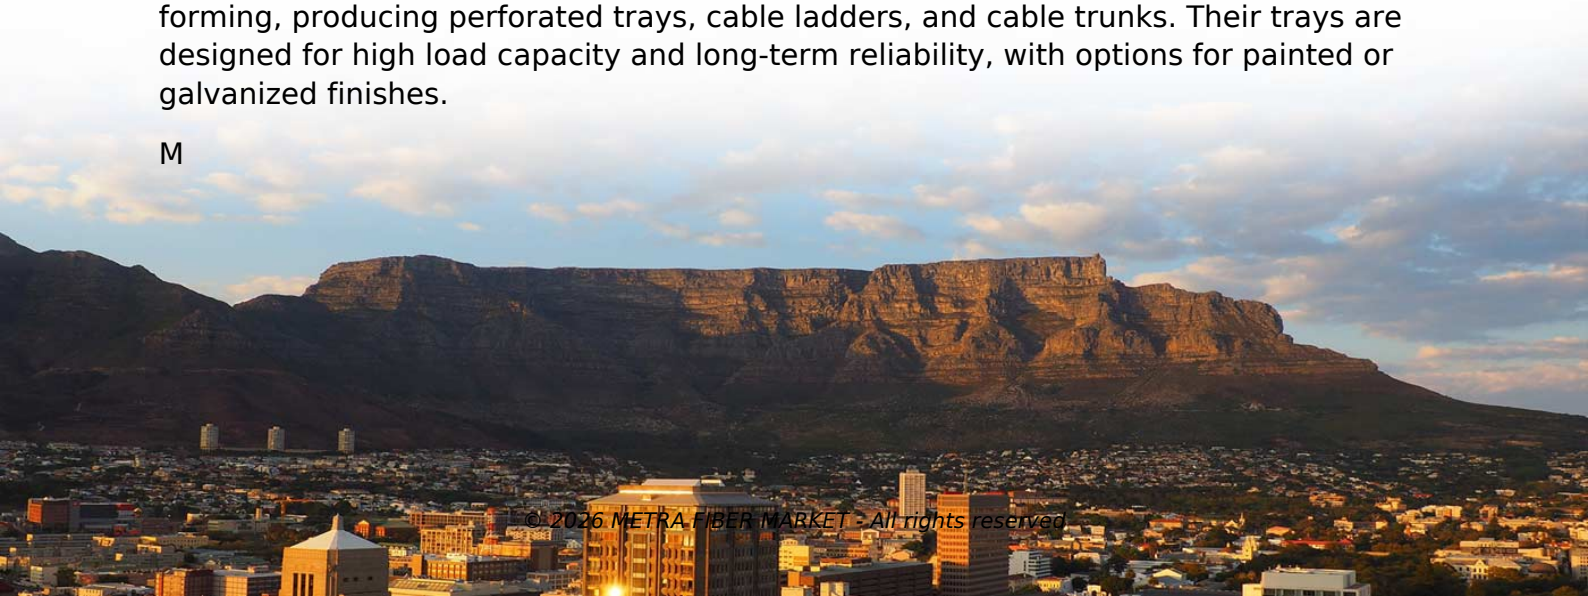

Key Takeaways

Rovana Trade, Metal Tech, and El Masrya El Almanya are leading Egyptian manufacturers offering direct supply of high-quality, fireproof cable trays. Recommended Manufacturers1. Rovana Trade Company Rovana Trade specializes in direct manufacturing of cable trays, ladders, and accessories without intermediaries.

They provide hot-dip galvanized and electrostatic painted solutions, ensuring durability and fire resistance. Their products comply with Swedish-approved standards and ISO 9001, making them suitable for industrial and electrical projects across Egypt and the Middle East. They also offer custom fabrication according to engineering drawings and specifications, ensuring high precision and quality control (Rovana Trade, 2026).

2. Metal Tech (MT Tray) Metal Tech focuses on cable tray fabrication and metal forming, producing perforated trays, cable ladders, and cable trunks. Their trays are designed for high load capacity and long-term reliability, with options for painted or galvanized finishes.

M

T Tray emphasizes ease of installation and maintenance, making them ideal for large-scale electrical projects in Egypt (Metal Tech, 2026). 3. El Masrya El Almanya Company This company manufactures a wide range of cable trays, ducts, and ladders, along with all necessary accessories.

They use modern machinery and high-quality materials to ensure compliance with standard specifications. Their products are suitable for industrial and commercial projects, and they offer rapid turnaround times for bulk orders (El Masrya El Almanya, 2026). 4.

Additional OptionsAl-Yathreb Factory: Specializes in metal forming and cable management systems, including solar energy structures and storage systems, with precise laser cutting technology. Delta Steel Company: Known for high-quality cable trays with fast supply and competitive pricing, suitable for infrastructure and energy projects. Gold Steel: Offers galvanized cable trays and commercial steel pipes, certified by major engineering consultancy firms in Egypt (Yellow Pages, 2026).

Key Considerations for Fireproof Cable Trays

Material: Hot-dip galvanized steel or stainless steel provides fire resistance and corrosion protection. Coating: Electrostatic painting enhances durability and fireproofing. Compliance: Ensure products meet ISO 9001 or equivalent international standards.

Customization: Many manufacturers offer tailored solutions to match project specifications. For direct supply, contacting Rovana Trade, Metal Tech, or El Masrya El Almanya is recommended, as they provide high-quality, certified cable trays with direct manufacturing and delivery in Egypt.
