Distributor of Spanish Explosion-proof Distribution Boxes

Overview

Explosion proof equipment Distributor Spain Seyber Representaciones, S.L. is a Spanish company founded in 2003, specializing in the distribution of industr.

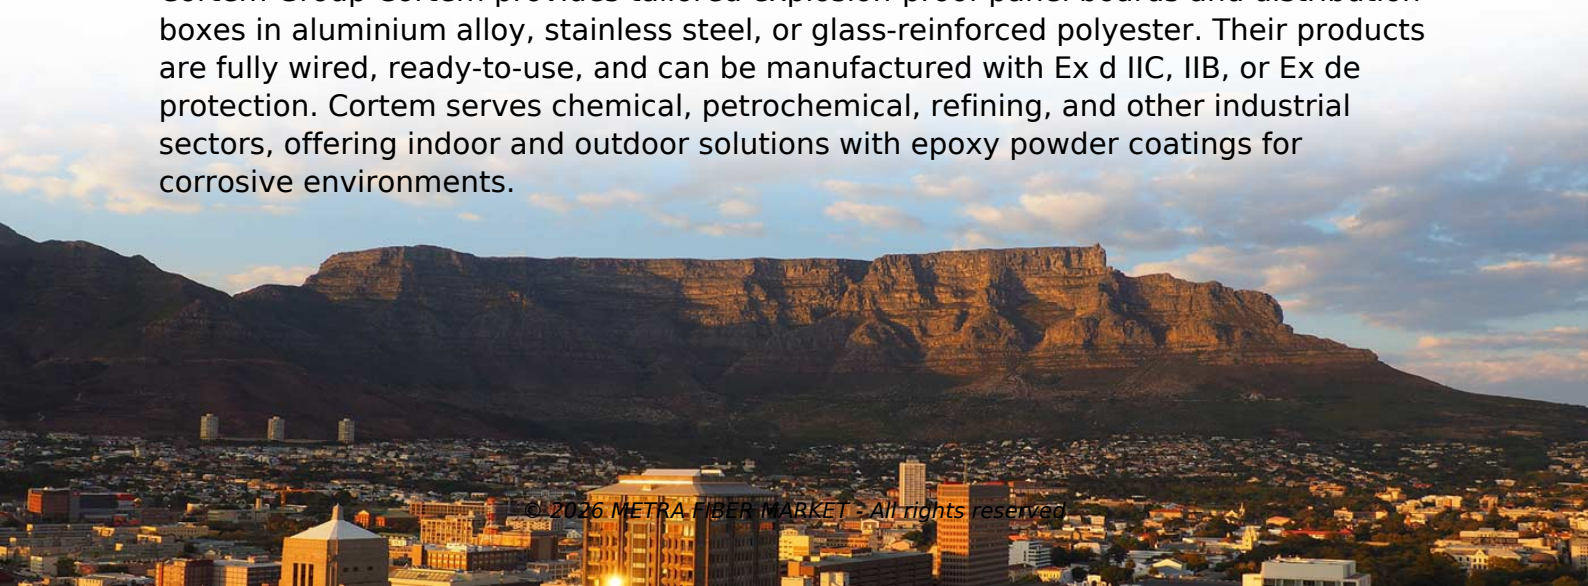

Key Takeaways

Leading suppliers in Spain include Atex Delvalle, Cortem Group, Extol International, and Warom, offering ATEX and IECEx certified explosion-proof distribution boxes for hazardous areas.

Key Suppliers

Atex Delvalle Atex Delvalle specializes in custom-made stainless steel (AISI 304L & 316L) and GRP polyester enclosures for hazardous areas. Their Ex junction boxes and terminal boxes are ATEX and IECEx certified, suitable for gas zones 1 and 2 and dust zones 21 and 22. They offer ready-to-ship stock and fully customized solutions, including wall-mounted Luxorex Series and large Tribex Series enclosures with IP66 protection.

Cortem Group Cortem provides tailored explosion-proof panel boards and distribution boxes in aluminium alloy, stainless steel, or glass-reinforced polyester. Their products are fully wired, ready-to-use, and can be manufactured with Ex d IIC, IIB, or Ex de protection. Cortem serves chemical, petrochemical, refining, and other industrial sectors, offering indoor and outdoor solutions with epoxy powder coatings for corrosive environments.

Extol International Extol International supplies a wide range of ATEX-certified control panels and distribution boards for hazardous areas. Their products are available in stainless steel, aluminium, and cast iron, with Ex d / Ex'de flameproof protection. Distribution boards range from IP42 (indoor) to IP66 (outdoor), suitable for Zone 1 (21) and Zone 2 (22) applications.

Warom Warom manufactures explosion-proof distribution boxes along with lighting, control equipment, and motor switches. Their products comply with IEC, ATEX, and IECEx standards and are widely used in petroleum, chemical, marine, and mining industries. Warom offers both standard and customized solutions for hazardous locations.

B2

B Distributor Directory For additional options, the Europages B2B platform lists multiple distributors of explosion-proof equipment in Spain, allowing direct contact with wholesalers and suppliers for bulk or specialized orders.

Considerations for Selection

Certification: Ensure ATEX, IECEx, or equivalent compliance for your specific hazardous zone. Material: Stainless steel, aluminium, or GRP depending on environmental conditions. Ingress Protection: IP66 or higher for outdoor or wet environments.

Customization: Some suppliers offer fully wired, ready-to-use panels tailored to your specifications. Delivery & Support: Check stock availability and lead times, especially for urgent industrial projects. These suppliers provide comprehensive solutions for safely distributing electricity in explosive atmospheres, with options for both standard and highly customized distribution boxes.
