Dubai horizontal cable tray unit price

Overview

Cable Tray Price in UAE | Cable Tray Cost Guide Dubai | MetarCable tray pricing in UAE depends on several factors including material type, tray dimensions.

Key Takeaways

Horizontal cable tray prices in Dubai vary widely depending on material, type, and load capacity, typically ranging from AED 50 to AED 400 per meter for standard steel or galvanized trays.

Types of Horizontal Cable Trays

Ladder Type Cable Trays – Ideal for heavy-duty industrial applications, providing maximum ventilation and load-bearing capacity. Perforated Cable Trays – Suitable for light to medium loads, offering airflow and easy cable fastening, commonly used in data centers and commercial buildings. Solid Bottom Cable Trays – Provide extra protection against dust and debris, often used in sensitive installations.

Wire Mesh or Basket Trays – Lightweight and flexible, suitable for low-weight cabling and easy on-site modifications.

Material Options

Mild Steel / Pre-Galvanized Steel – Cost-effective, widely used for commercial and industrial projects. Hot Dip Galvanized (HDG) Steel – Offers superior corrosion resistance, suitable for outdoor or humid environments. Stainless Steel (Grades 304/316) – High durability and chemical resistance, used in industrial or coastal areas.

Aluminum – Lightweight and corrosion-resistant, often used in data centers or areas requiring easy installation.

Powder-

Coated or Epoxy Finishes – Provide additional protection and aesthetic customization.

Factors Affecting Price

Tray Type and Load Capacity – Heavy-duty ladder trays cost more than perforated or wire mesh trays. Material and Finish – Stainless steel and HDG trays are more expensive than mild steel or pre-galvanized options. Length and Customization – Standard lengths are usually 2–3 meters, but custom lengths or color coatings can increase cost.

Accessories – Bends, tees, covers, and supports add to the overall system cost.

How to Obtain Current Prices

For accurate pricing, it is recommended to contact local suppliers directly, as prices fluctuate based on material, quantity, and project specifications. Leading suppliers in Dubai include: Metar Cable Trays – Offers steel, perforated, ladder, and solid bottom trays with various finishes. Ruwais Steel – Provides steel, galvanized, and stainless steel trays with ISO-certified quality.

DANA Steel UA

E – Supplies light, medium, and heavy-duty trays in multiple materials and finishes. Unigroup – Offers perforated, ladder, wire mesh, and GRP trays for commercial and industrial applications. By contacting these suppliers, you can request quotes based on your project's load requirements, tray type, and material preferences, ensuring you get the most cost-effective solution for your installation.
