Fiber Optic Cable Clip Pole

Overview

Fibre Clips are used in fibre optic installations to secure and organise fibre optic cables, avoiding unwanted movements and protecting them from damage and stress. It is designed to hold 16 cables in place in 3 different clips of 4, 6 and 6 components, which can be separated. Our fiber. Check each product page for other buying options. We make sure to never overlook the little. Fiber optic cable slack storage also called aerial fiber cable coiling bracket, developed to coil up and store additional length of fiber optic cable, and ensure the cables have a minimum bend radius during overhead FTTH deployments. There are two kind of materials of slack storage in our product. FTTH Cable Drop Wire Clamps and related accessories are essential components in fiber-to-the-home (FTTH) systems. The clamps, available in various types such as Fiber Tension.
