

# Fiber Optic Cable Junction Box Merchants

## Overview

Find your fiber optic junction box easily amongst the 64 products from the leading brands (HS, LAPP, Cahors, ...) on DirectIndustry, the industry specialist for your professional purchases.

## Key Takeaways

You can source fiber optic cable junction boxes from specialized industrial suppliers, FTTH product vendors, and online marketplaces offering a wide range of capacities and mounting options. Leading Industrial SuppliersDirectIndustry lists over 60 products from top brands like HUBER+SUHNER, YOCF, and LAPP, offering fiber splice closures, terminal distribution boxes, and telescopic distribution frames suitable for indoor and outdoor applications. These boxes support multiple adapters, maintain fiber bend radius, and provide secure splicing and patching solutions.

## Global

Spec features suppliers such as Douglas Electrical, providing indoor wall-mounted optical fiber panels, communication vaults, and junction boxes for residential, commercial, and industrial networks. Options include single-door panels with SC/APC or SC/UPC coupler ports, suitable for structured cabling and fiber termination.

## FTT

H and Professional InstallersINTOS ELECTRONIC AG offers the InLine® FTTH junction boxes, compact and robust surface-mounted solutions for home and office networks. These boxes support up to 4x LC duplex or 4x SC simplex ports, with integrated cable management, strain relief, and color-coded ports for organized installations. They are ideal for system houses, network technicians, and professional installers.

MeFiberOptic provides FTTH terminal boxes and fiber distribution boxes for residential and enterprise networks. These boxes are wall-mounted or pole-mounted, available in 2-port to 16-port capacities, and made from flame-retardant PC or ABS materials. They comply with ITU-T and IEC standards, ensuring minimal optical loss and reliable mechanical protection.

### Online Marketplaces

Amazon offers fiber optic wall-mount boxes with LC couplers for single-mode and multimode fiber cables, suitable for MPOE, network rooms, and IDF rooms. These are convenient for smaller-scale installations or quick procurement.

### Key Considerations

When selecting a fiber optic junction box, consider: Capacity: Number of ports or fibers supported (2–16 ports or higher for high-density networks) Mounting: Wall-mounted, pole-mounted, or flush-mounted options Material: ABS or PC for durability and flame resistance Application: Indoor vs. outdoor, FTTH, FTTx, or enterprise networks Cable Management: Integrated strain relief, color-coded ports, and splitter support These merchants provide a range of products suitable for both small-scale residential installations and large-scale commercial or industrial fiber optic networks.
