How much does it cost to process Haitian wire mesh cable trays

Overview

Discover the 2026 cost breakdown for cable trays compared to conduit and wire mesh. Compare material prices, labor savings, and performance to find your best value.

Key Takeaways

Haitian wire mesh cable trays typically cost between $800 and $2,500 per ton, depending on material, size, type, and order volume.

Pricing Overview

The wholesale cost of wire mesh cable trays is influenced by several factors: Material: Steel (galvanized or stainless), aluminum, or fiberglass. Stainless steel and fiberglass are more expensive due to durability and corrosion resistance. Tray Type: Ladder, perforated, trough, or wire mesh trays.

Wire mesh trays are lightweight and ventilated, suitable for heat dissipation, while ladder trays are robust for heavy-duty applications. Size and Dimensions: Larger trays or custom sizes increase cost. Standard sizes are more economical.

Order Volume: Bulk orders reduce the unit price. Suppliers often offer discounts for large quantities. Surface Coatings: Galvanized, powder-coated, or epoxy-coated trays may cost more due to added protection.

Market Conditions: Steel and raw material prices fluctuate, affecting overall cost.

Estimated Wholesale Costs

Based on 2025 market data, wire mesh pricing ranges from $800 to $2,500 per ton, excluding shipping and taxes. For Haitian suppliers, prices may vary slightly due to local production costs, import/export fees, and supplier policies. For example, Haitian manufacturers offer ladder-type and perforated cable trays suitable for industrial and commercial applications.

Sourcing Tips

Contact Verified Haitian Suppliers: Platforms like Globalsuppliersonline list Haitian wire mesh manufacturers and exporters. Request Custom Quotes: Provide specifications such as tray type, dimensions, material, and quantity to get accurate pricing.

Consider FOB or DD

P Terms: Shipping costs are usually separate; clarify whether the price includes freight. Negotiate Bulk Discounts: Larger orders often reduce the per-unit cost. In summary, for wholesale Haitian wire mesh cable trays, expect a base range of $800–$2,500 per ton, with final pricing dependent on material, type, size, and order volume.

Contacting local Haitian suppliers directly will provide the most accurate and up-to-date quotes.
