Installation price of outdoor residential building electrical distribution box

Overview

Typical residential electricians charge $60-$120 per hour, with journeyman rates commonly around $85-$100 per hour in many metros. More complex tasks—such as multi-box installations or new subpanels—can push. New panel box pricing typically ranges from about $150 to $1,900 for parts and labor, with most residential projects landing between $450 and $1,500 depending on amp rating, gauge of wiring, and labor complexity. The total often includes the panel enclosure, breakers, wiring, and professional. Homeowners typically pay a broad range for electrical box installation, driven by box type, wiring complexity, and local labor rates. For larger electrical jobs like installing wiring or replacing an electrical panel, expect to pay $2,000 to $6,000.
