Key Takeaways

Trough-type cable trays are widely available in Iraq through multiple industrial suppliers and manufacturers offering high-quality, customizable solutions for commercial and industrial projects.

Key Suppliers and Manufacturers

Kanza Iraq provides a production line capable of delivering reliable cable tray systems for large-scale construction projects, ensuring consistent quality and timely delivery. They offer technical support for detailed specifications and custom solutions tailored to project requirements. Electro Design (ED) Iraq supplies a comprehensive range of cable trays, including trough-type trays, cable ladders, electrical enclosures, and outdoor racks for industrial applications across Iraq.

Their offerings are suitable for professional cable management projects and large-scale installations. Bahra Electric offers versatile metal and non-metallic cable trays, including trough configurations, designed for safe, organized, and accessible cable routing. Their products are modular, adaptable to various installation types, and help optimize installation and maintenance costs.

Cable House is recognized as a leading manufacturer and supplier of cable trays in Iraq. They use high-grade raw materials and modern manufacturing technologies to produce durable, reliable, and long-lasting trough-type cable trays. They also provide competitive pricing and can fulfill both local and international client requirements.

Considerations for Procurement

Customization: Many suppliers offer tailored solutions to fit specific project dimensions and load requirements. Material Options: Trough-type trays are available in metal (steel, aluminum) and non-metallic materials depending on environmental and electrical requirements. Delivery and Support: Suppliers like Kanza Iraq and Cable House emphasize timely delivery and technical support for installation and maintenance.

Compliance and Standards: Products are manufactured according to industry norms to ensure safety, durability, and long-term performance. For projects in Iraq, contacting these suppliers directly will provide detailed specifications, pricing, and availability for trough-type cable trays suitable for industrial, commercial, or institutional installations.
