Lebanese Explosion-proof Distribution Box Supplier

Overview

NO-NAIL BOXES (Groupe ALIPA) produces folding boxes made of plywood and steel used for packaging, transport, and storage by some of the largest industrial companies in Europe.

Key Takeaways

For explosion-proof distribution boxes in Lebanon, suppliers like Extol International and global manufacturers such as Supermec, R.

STAH

L, and Warom provide ATEX/IECEx certified solutions suitable for hazardous areas.

Local and Regional Suppliers

Extol International supplies a wide range of explosion-proof control panels and distribution boards with ATEX certification, suitable for Zone 1 (21) and Zone 2 (22) hazardous areas. Their products are available in stainless steel, aluminium, and cast iron, with IP ratings from IP42 to IP66, making them suitable for both indoor and outdoor applications. Extol may have regional agents or distributors serving Lebanon.

Supermec offers Ex d and flameproof enclosures for chemical, petrochemical, and offshore industries.

Their EJB and CS

D series are designed for power distribution, monitoring, and control in hazardous atmospheres. R.

STAH

L provides custom-made and standard terminal boxes certified for hazardous areas worldwide. They specialize in safe energy distribution and connection in explosive environments, which can be adapted for local Lebanese industrial needs. Warom Technology manufactures explosion-proof distribution boxes, control equipment, and lighting compliant with IEC, ATEX, and IECEx standards.

Their products are widely used in petroleum, chemical, marine, and mining industries.

Finding Local Agents in Lebanon

Kompass Lebanon lists companies in the distribution boards and switchboards sector, which can be a starting point to identify local agents or distributors of explosion-proof enclosures. Contacting these companies directly can help locate authorized representatives for ATEX/IECEx certified products.

Recommendations

Verify Certification: Ensure the distribution boxes are ATEX or IECEx certified for the specific hazardous zone in your facility. Material Selection: Choose enclosures made from stainless steel, aluminium, or GRP depending on environmental conditions. Local Support: Contact local distributors or agents to confirm availability, delivery times, and after-sales support in Lebanon.

Custom Solutions: If standard sizes do not meet your requirements, consider manufacturers like R.

STAH

L or Supermec for custom-made enclosures. By reaching out to these suppliers and local agents, you can source reliable explosion-proof distribution boxes suitable for industrial applications in Lebanon.
