### JUMB

O S. A. – A prominent retailer specializing in toys, baby products, seasonal items, and home goods, known for competitive pricing. Hellenic Petroleum – Engaged in refining, trading, and production of petroleum products, as well as renewable energy initiatives.

Alpha Bank and National Bank of Greece – Key financial institutions providing retail, corporate, and investment banking services.

### Key Sectors

Shipping – Greece is the largest ship-owning nation globally, with a fleet representing nearly 20% of global deadweight tonnage, crucial for international trade and energy transport. Tourism – A major contributor to GDP, with companies supporting hotels, travel services, and cultural attractions. Energy and Utilities – Companies like DEI and Hellenic Petroleum dominate electricity, gas, and renewable energy markets.

Retail and Consumer Goods – Firms such as JUMBO and other retail chains serve domestic and international markets. Construction and Materials – TITAN Cement and related firms supply building materials both in Greece and abroad. Economic ContextGreece's economy is high-income and developed, with a strong service sector accounting for over 67% of GDP, industry around 16%, and agriculture about 4%.

The country has recovered from past financial crises, strengthened its fiscal position, and continues to support key industries through both domestic and international operations. Greek companies often have a significant global footprint, particularly in shipping, cement, and energy sectors, reflecting the country's strategic economic and geographic position. These companies collectively illustrate Greece's diverse corporate landscape, combining traditional industries like shipping and energy with modern retail, telecommunications, and financial services.
