Low-price ladder-type cable trays

Overview

Shop high-quality cable ladder type price from reliable suppliers. Find durable, customizable, and cost-effective solutions for your electrical needs.

Key Takeaways

Ladder-type cable trays are generally considered low-cost, with prices varying by material, size, and supplier, often ranging from under $1 to around $25 per meter or piece. Price OverviewLadder-type cable trays are among the most affordable cable management solutions due to their simple open design and widespread industrial use. On platforms like Alibaba, prices for ladder trays can start as low as $0.

55–$1. 55 per meter for hot-dipped galvanized steel, while aluminum trays range from $2 to $25 per unit, depending on size and certification. On eBay, individual trays are available from $20 to several hundred dollars, reflecting differences in material, length, and brand.

Supplier catalogs like Platt Electric Supply and Grainger list aluminum and steel ladder trays from $64 to over $360 per section, depending on dimensions and load capacity.

Factors Affecting Cost

Material: Galvanized steel: Low-cost, corrosion-resistant, suitable for industrial and outdoor use. Aluminum: Lightweight, moderately corrosion-resistant, slightly higher cost. Stainless steel: Strong and corrosion-resistant, higher price.

Fiberglass reinforced plastic (FRP): Lightweight, chemical-resistant, moderate cost. Size and Load Capacity: Wider and taller trays with higher load ratings cost more. Standard widths range from 6–24 inches, and heights from 3–6 inches.

Accessories and Fittings: Elbows, tees, covers, and connectors add to the total cost but are essential for complex installations. Industrial Application: Trays for data centers or corrosive environments may require higher-grade materials, slightly increasing cost.

Advantages of Ladder-

Type Trays

Open design allows easy cable access and maintenance. Promotes airflow, reducing cable overheating. Versatile for industrial, commercial, and outdoor applications.

Cost-effective compared to solid-bottom or ventilated trays. ConclusionLadder-type cable trays are economical and versatile, making them a popular choice for industrial and commercial wiring projects. While prices vary by material, size, and supplier, they generally remain affordable, especially for large-scale installations where cost efficiency is important.
