

Mechanical Cable Tray Manufacturer

Overview

Cable Trays Schiavetti Tekno, part of Spina Group, is a leading Italian manufacturer of cable trays and accessories for electrical and instrumentation syst.

Key Takeaways

Leading mechanical cable tray manufacturers include Spina Group, Superelmech, Suzhou Ontop, and Eurotray Support Systems, offering a wide range of industrial and commercial cable management solutions. Key Manufacturers and Offerings1. Spina Group (Schiavetti Tekno) An Italian manufacturer established in 1964, Spina Group produces high-quality cable trays and accessories for industrial, energy, and infrastructure projects.

Their product range includes stainless steel, galvanized, and wire cable trays in ladder, perforated, closed, and wire-mesh types. They provide custom sizes, compatibility with Unistrut systems, and ensure compliance with European (EN) and international (UL) standards. Their trays are designed for strength, corrosion resistance, thermal expansion management, and electrical continuity, supported by technical design and after-sales assistance.

2. Superelmech Superelmech offers a comprehensive range of cable trays suitable for industrial plants, commercial buildings, data centers, and utility projects. Their products include perforated, ladder, wire mesh, and solid bottom trays, fabricated from galvanized steel, stainless steel, aluminum, or powder-coated finishes.

They emphasize durability, corrosion resistance, ventilation, and flexibility for future modifications or expansions. Customizable sizes, fittings, and accessories are available to enhance safety and efficiency in electrical installations. 3.

Suzhou Ontop Mechanical & Electrical Equipment Co., Ltd Based in China, Ontop provides cable trays, pipe supports, and grating for global industries. They offer standard and customized specifications tailored to construction and engineering applications. Ontop is recognized for delivering versatile mechanical and electrical solutions with a focus on quality and adaptability to diverse project requirements.

4. Eurotray Support Systems Eurotray specializes in cable management systems designed for heavy cable loads, vertical applications, and environments with high cable heating or industrial hygiene requirements. Their systems include trays, mounting supports, connection parts, and fittings, suitable for data centers, food manufacturing plants, and other industrial installations.

They offer galvanized, pre-galvanized, hot-dip, aluminum, and coated trays, along with turnkey solutions for complex electrical projects.

Considerations for Selection

Material and Finish: Choose based on environmental conditions (stainless steel for corrosion resistance, galvanized for general industrial use). Tray Type: Ladder trays for heavy-duty cables, perforated for ventilation, solid bottom for cable protection. Customization: Ensure the manufacturer can provide custom sizes, fittings, and accessories.

Compliance: Verify adherence to international standards (EN, UL) for safety and reliability. Support Services: Technical design, installation guidance, and after-sales support are critical for complex projects. These manufacturers provide reliable solutions for industrial, commercial, and infrastructure projects, ensuring safe, organized, and durable cable management systems.
