

Nepal Agent for Optical Electro-optical Hybrid Cable OS2

Overview

CommScope bundles hybrid cabling to your custom specifications, using our high-performance fiber-optic, unshielded twisted pair and coaxial cables.

Key Takeaways

Alpha Link Engineering and D-Tech Trading are leading suppliers in Nepal for high-quality optical fiber cables, including OS2 single-mode and hybrid solutions.

Recommended Suppliers1. Alpha Link Engineering Pvt.

Ltd. Services: Specializes in optical fiber networking, FTTH, OPGW, and ICT consultancy. Clients: Trusted by NTC, Ncell, World Link, and NEA.

Location: Pokhara, Nepal. Contact: Visit alphalinkengineering.com.np for inquiries and product details. Notes: They provide both supply and installation support, making them suitable for hybrid cable projects.

2.

D-

Tech Trading (Eman Communications) Services: Supplier of all types of optical fiber cables, including single-mode (OS2) and multi-mode. Offers custom lengths and specialized cables like ADSS, FRP, and steel-reinforced types. Contact: +977 9851248419, website emancommunications.com.np for orders and technical guidance.

Notes: Ideal for contractors, ISPs, or businesses needing durable and high-performance hybrid fiber solutions. 3.

Other Options

Daraz Nepal: Offers online purchase of fiber optic cables, including 100m single-mode options, which may include OS2 types for smaller projects or testing purposes.

Platforms Hub: Provides fiber optic infrastructure and accessories, including patch panels and connectors, which can complement OS2 hybrid cable installations.

Top Cabling Companies: A curated list of verified cabling and fiber optics companies in Nepal is available at NepalYP, which can be used to identify additional suppliers or agents.

Tips for Procurement

Confirm OS2 compatibility when contacting suppliers, as some may primarily stock standard single-mode or multi-mode cables. Ask about custom lengths and hybrid cable options, especially if your project requires electro-optical integration. Consider suppliers that provide installation support and consultancy, which can be critical for hybrid cable deployment in complex network setups.

By contacting Alpha Link Engineering or D-Tech Trading, you can access both the supply of OS2 hybrid cables and professional guidance for installation and network integration in Nepal.

Hybrid Cables

CommScope bundles hybrid cabling to your custom specifications, using our high-performance fiber-optic, unshielded twisted pair and coaxial cables.

Optical Hybrid Cables: A Comprehensive Guide

What is a Hybrid Cable? A hybrid cable combines two transmission media: Optical fibers for data, typically single-mode or multimode. Copper power

DuetConnect™ Hybrid Cable

DuetConnect Hybrid Copper-Fiber Cables allow one cable to offer the advantages of DC power and fiber, safely delivering both over long distances to remote

Optical Solutions

High-performance Quasar OptiX Field Mountable Connectors (FMCs) simplify the termination of fiber optic cables in the field by enabling installers to avoid fusion

ITU-T L.109.1 (11/2022) Type II optical/electrical hybrid cables for ...

The system consists of the power supply unit, optical/electrical hybrid cable, optical/electrical hybrid adapter, and the optical/electrical hybrid connector. These can transmit optical signals and electrical

OS2 Single Mode Fiber Optic Cables, SMF Duplex

Get OS2 single mode duplex fiber patch cables for 1G/10G/40G/100G/400G Ethernet fiber connections to transport data up to 10km at 1310nm and 40km at

Nepal 400/220 kV Transmission Line Bid | PDF | Optical Fiber | Cable

The document provides specifications for optical ground wire (OPGW) cabling and associated hardware and fittings for a fiber optic cable project in Nepal. Some key requirements include: - The fiber optic

Optical Cables

The following section refers to both optical cables that constitute a part of AOC cables as well as standalone optical cables that connect two optical transceivers. Optical cables come in a
