New optical cable laid in Jordan

Overview

BlueMed is Sparkle's new cable that will connect Italy with France, Greece and several countries bordering the Mediterranean Sea all the way to Aqaba in Jordan. NaiTel, the telecom arm of Aqaba Digital Hub, has signed a Memorandum of Understanding with Sparkle, the first international service provider in Italy and among the top global operators, and iLevant Ltd, to extend the GreenMed submarine cable system through the Hashemite Kingdom of Jordan. Sparkle has announced the activation of the Middle Eastern terrestrial section of the BlueMed cable, connecting Aqaba in Jordan to Sparkle's Mediterranean backbone, as well as direct service availability between Aqaba and Milan using BlueMed new segments. These cables were created in partnership with Google and other operators, and. Italian cable company Sparkle is set to extend its GreenMed cable into the Middle East. The high-capacity fiber-optic system was officially landed in the Egyptian.
