Ns-4000 Optical Power Meter

Overview

OTDR has a maximum dynamic range of 26dB, 8G memory, and can store more than 200,000 curves; it is equipped with 4000mAh high-density polymer lithium battery, intelligent power saving management, mea¬suring time of more than 8 hours, and supporting power supply and charging of. OTDR has a maximum dynamic range of 26dB, 8G memory, and can store more than 200,000 curves; it is equipped with 4000mAh high-density polymer lithium battery, intelligent power saving management, mea¬suring time of more than 8 hours, and supporting power supply and charging of. The NK4000 Mini PRO Series Optical Time Domain Reflectometer (OTDR) features a 4. 3-inch capacitive full-touch screen with multi-touch support. It integrates 12 major functions, including Auto OTDR, Expert OTDR, Event Map, Optical Power Meter, RJ45 Cable Tracing, and more. With PC-level file. The product is the NK4000 Mini OTDR from wad. The NK4000 offers high-resolution measurements and is suitable for various applications such as fiber length measurement. NK 4000 OTDR adopts 4. OTDR has a maximum dynamic range of 26dB, 8G. Okmarts has been supplying NS-4000,notensn NS-4000,optical-time-domain-reflectometer NS-4000,NOTENSN OTDR Optical Time-Domain Reflectometer NS-4000,NS-4000 PriceNo new ratings for this product in the past year. Shipping fee and delivery date to be negotiated. “No featured offers available” means no offers currently meet all of these expectations. Select See All Buying Options to shop available offers.
