Oman Industrial Optical Module Manufacturer

Overview

When exploring the Fiber Optic Cable Manufacturing industry in Oman, several key factors come into play.

Key Takeaways

Oman hosts several companies specializing in fiber optics and optical modules, including Modern Peace Company, Oman Fiber Optic, and Acacia Oman.

Key Companies

Modern Peace Company (MPC) – Headquartered in Muscat, MPC is a full-line distributor of fiber optic products, including connectors, cables, cable assemblies, and fiber optic consumables. They also offer custom fiber patch cord manufacturing, rental of fiber optic test equipment, and training for technicians entering the fiber optics industry.

MP

C distributes products from major suppliers like Huber Suhner, Fitel, and Multilink, making them a key player in Oman's optical module and fiber optic sector. Oman Fiber Optic – An Omani company focused on bringing the latest fiber optic technology solutions to clients. While primarily a training institute, Oman Fiber Optic also engages in the manufacturing and integration of optical components, supporting local industry with advanced fiber optic solutions.

Acacia Oman – Specializes in optical system integration and opto-mechanical assemblies. They provide engineering solutions from design to fabrication and inspection of optical components. Their capabilities include CNC polishing, interferometry, and photoelectric testing, enabling the production of high-quality optical modules and assemblies for industrial applications.

Additional Suppliers and Distributors

While not strictly manufacturers, companies like Sky PFM Limited and other international suppliers provide fiber optic modules and transceivers to the Omani market. These include SFP, GBIC, CWDM, and bi-directional optical transceivers suitable for industrial and telecommunications applications. SummaryOman's industrial optical module sector is supported by a combination of local manufacturers, integrators, and distributors.

Companies like Modern Peace Company and Acacia Oman provide both custom manufacturing and integration services, while Oman Fiber Optic contributes with technology solutions and training. For specialized optical modules, international suppliers also serve the Omani market, ensuring a wide range of products and services for industrial and telecommunications needs.
