Pakistani local cable tray manufacturers

Overview

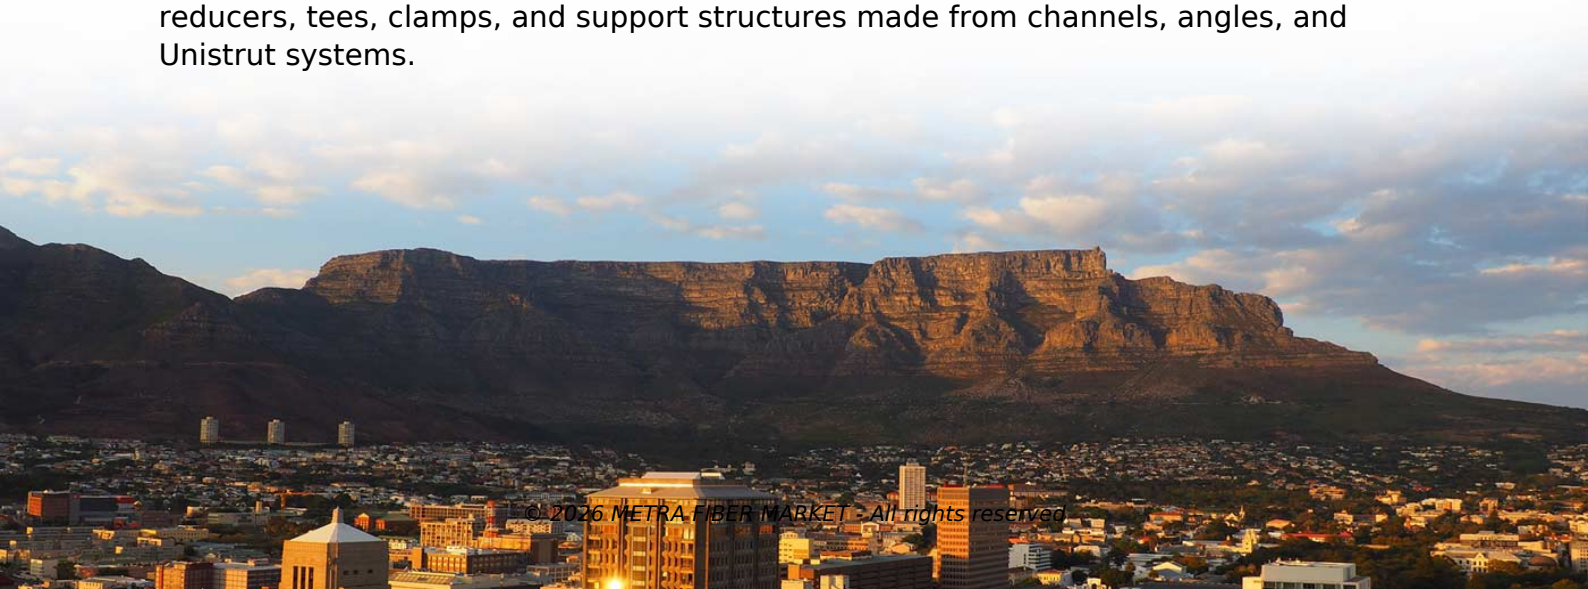

Leading Cable Tray manufacturer and supplier in Pakistan. We offer Perforated, Ladder, Wire mesh, and solid bottom trays at the best prices.

Key Takeaways

Leading cable tray manufacturers in Pakistan include EPEPK, Power Engineering (Pengpk), Alfazal Industry, and Tech&Tray, offering a wide range of cable management solutions for industrial and commercial projects. Key Manufacturers and OfferingsEPEPK is a trusted manufacturer providing perforated, ladder, wire mesh, and solid bottom cable trays. They serve major cities like Lahore, Karachi, Faisalabad, and Islamabad, focusing on durable, high-quality solutions for industrial and solar infrastructure projects.

EPEP

K emphasizes safety, organization, and long-term performance, with modern fabrication facilities and strict quality control to meet load capacity and environmental standards across Pakistan. Power Engineering (Pengpk) specializes in customized cable trays and ladder fabrications, offering perforated and ladder trays in various sizes. They provide accessories such as horizontal and vertical bends, reducers, tees, clamps, and support structures made from channels, angles, and Unistrut systems.

Pengpk focuses on corrosion-resistant materials and environmental suitability, ensuring products meet industrial requirements. Alfazal Industry manufactures perforated, ladder, solid bottom, and wire mesh cable trays, providing installation services and accessories like horizontal/vertical bends, tees, and cross bends. Their products are designed for flexibility, easy cable access, and lower installation costs, serving Lahore, Karachi, and Islamabad.

Alfazal Engineering also emphasizes high load capacity, durability, and compliance with international standards, offering ladder trays that can hold 28% more weight than conventional trays.

Tech&

Tray offers a variety of high-quality cable management systems, including wire mesh and fully enclosed trays suitable for offices, factories, data centers, and industrial spaces. Their products are lightweight, flexible, and designed for ventilation and protection against dust and physical damage, making them ideal for both high-volume and minimal cable runs.

Types of Cable Trays Available

Perforated Cable Trays: Provide ventilation and support for power and communication cables. Ladder Cable Trays: Two rails connected by rungs, allowing easy cable access and high load capacity.

Wire Mesh/

Basket Trays: Lightweight, flexible, ideal for fiber optic cables and short spans. Solid Bottom Trays: Protect against electromagnetic interference and provide full cable coverage.

Accessories and Services

Manufacturers typically provide bends, tees, reducers, clamps, conduit supports, and installation services. Many also offer custom sizes, corrosion-resistant materials, and nationwide delivery, ensuring compatibility with industrial and commercial electrical projects. These manufacturers collectively cover Pakistan's major cities and industrial hubs, making them reliable options for sourcing cable trays and related accessories.
