

Paraguayan electrical distribution box size manufacturer

Overview

Paraguay Electrical Distribution Box Supplier Wholesale Suppliers. Buy premium Paraguay Electrical Distribution Box Supplier in bulk from verified wholes.

Key Takeaways

Brasguay and Tecno Electric S. A. are leading Paraguayan manufacturers and distributors of electrical distribution boxes, offering a range of sizes and custom solutions.

Key Manufacturers

Brasguay is a Paraguayan company with nearly four decades of experience in electrical materials distribution, substation design, and complex system installations. They develop and manufacture electrical distribution products tailored to project requirements, including various sizes of distribution boxes suitable for residential, commercial, and industrial applications (Brasguay.com). Tecno Electric S.

A. has over 57 years of experience supplying electrical products in Paraguay. Their catalog includes a wide range of electrical distribution boxes, power strips, and related equipment, providing options for different capacities and installation needs (Tecnoelectric.com.py). Machineequipments also lists Paraguayan suppliers and manufacturers of power distribution equipment, offering bulk supply and export options.

They are recognized for providing reliable, world-class distribution equipment suitable for various applications (Machineequipments.com).

Product Sizes and Specifications

Electrical distribution boxes in Paraguay are available in multiple sizes to accommodate different electrical loads and installation environments. While specific dimensions vary by manufacturer, typical options include: Small residential boxes for single-family homes or small circuits. Medium commercial boxes for offices, retail spaces, or light industrial use.

Large industrial boxes for substations, factories, or high-capacity installations. Manufacturers like Brasguay and Tecno Electric can provide customized sizes based on project specifications, including modular designs for scalability and compliance with Paraguayan electrical standards.

Import and Market Insights

According to Volza's trade data, Paraguay imported 572 shipments of electrical distribution boxes and related components between March 2024 and February 2025. The main exporting countries were Brazil, Belgium, and Japan, while Vietnam, Indonesia, and the United States were top importers. This indicates a robust market for both local manufacturing and international sourcing (Volza.com).

Additional Options

For specialized applications, power distribution units (PDUs) and multiple-outlet power strips are also available in Paraguay, designed for data centers, server rooms, and industrial setups. These products comply with local standards and agency approvals (Internationalconfig.com).

Summary

For sourcing electrical distribution boxes in Paraguay, Brasguay and Tecno Electric S. A. are the primary local manufacturers offering a variety of sizes and customizable solutions. Additional suppliers and import data can help identify alternative options for bulk procurement or specialized applications.

These manufacturers provide reliable, standards-compliant products suitable for residential, commercial, and industrial projects.
