Price List for Standardized Cable Trays

Overview

Price List Cable Tray 2024 - Free download as PDF File (.pdf), Text File (.txt) or view presentation slides online.

Key Takeaways

Standard cable trays typically range from $15 to $76 per unit depending on type, material, and purchase volume.

Overview of Pricing

Standard cable trays, commonly used for supporting electrical cables in buildings, are often hot-dip galvanized ladder type trays with a standard length of 2. 4 meters. Prices vary based on material, finish, and whether the purchase is for consumer (B2C) or industrial/commercial (B2B) use.

B2

C (Retail/Consumer): Cable trays for home or small office use are priced between $15 and $34 per unit, with smaller under-desk or wire management trays available for as low as $0. 92 wholesale.

B2

B (Industrial/Construction): Bulk purchases for construction projects, data centers, or manufacturing facilities range from $0. 80 to over $76 per unit, depending on size, material, and coating. Material and Finish ConsiderationsHot-dip galvanized steel: Common for medium and heavy-duty applications, offering corrosion resistance for both indoor and outdoor use.

© 2026 METRA FIBER MARKET - All rights reserved

Pre-galvanized steel: Suitable for light to medium-duty applications, often more cost-effective. Stainless steel (SS 304): Used in environments requiring high corrosion resistance, typically at a higher price point.

Accessories and Fittings

Cable tray systems often require additional components such as couplers, bends, tees, crossovers, and lids, which are priced per piece. For example, medium-duty couplers sold in pairs are designed to join two tray lengths and are included in the overall system cost.

Summary

The price of a standard cable tray depends on length, material, finish, and purchase volume. For a typical 2. 4-meter hot-dip galvanized ladder tray, expect $15–$76 per unit, with lower prices for bulk industrial orders and higher prices for premium materials or specialized applications.

For accurate budgeting, it is recommended to consider both the tray and necessary fittings, as well as delivery costs if purchasing from suppliers like RS Components, CMW, or Direct Channel.
