

Price of Aluminum Alloy Cable Trays in Vietnam

Overview

Cable Tray Vietnam Trade, Buy Vietnam Direct From Cable Tray Buy Cable Tray Vietnam Direct From Cable Tray Factories at Alibaba.com. Help Global Buyers Sour.

Key Takeaways

Aluminum alloy cable trays in Vietnam typically range from \$10 to \$50 per meter, depending on type, size, and supplier.

Overview of Aluminum Cable Trays

Aluminum alloy cable trays are widely used in industrial, commercial, and residential projects for routing electrical and network cables. They are valued for being lightweight, corrosion-resistant, and easy to install, with options including perforated (ventilated) and solid-bottom trays. Many trays are powder-coated or electrostatically coated to enhance durability and safety.

Factors Affecting Price

Material and Alloy Grade: Higher-grade aluminum alloys with better corrosion resistance or load-bearing capacity cost more. **Tray Type:** Perforated trays are generally slightly cheaper than solid-bottom trays due to less material usage, but solid trays may be preferred for heavy-duty applications. **Dimensions:** Width, depth, and thickness of the tray directly influence the price.

Larger or thicker trays are more expensive. **Supplier and Certification:** Suppliers offering CE-certified or high-quality industrial-grade trays may charge a premium.

Price Range

Based on market trends and supplier listings in Vietnam: Standard aluminum alloy cable trays: approximately \$10-\$25 per meter for light-duty or ventilated types. Heavy-duty or powder-coated trays: approximately \$30-\$50 per meter, depending on size and coating.

How to Obtain Exact Pricing

For precise quotes, it is recommended to contact local suppliers directly. Some notable platforms and suppliers include: Alibaba Vietnam: Offers multiple aluminum cable tray manufacturers with CE-certified products. Yellow Pages Vietnam: Lists suppliers like YASHIMA NBV Co., Ltd for direct inquiries and quotes.

Tradewheel Vietnam: Connects buyers with wholesalers and suppliers for bulk orders. When requesting a quote, provide tray type, dimensions, coating preference, and quantity to get accurate pricing. Bulk orders often receive discounts.

Conclusion

Aluminum alloy cable trays in Vietnam are affordable and widely available, with prices influenced by material quality, tray type, and supplier. For large-scale projects, contacting suppliers directly ensures the most accurate and competitive pricing.
