

Price of Mesh Protective Cable Trays

Overview

Discover cable management solutions featuring steel construction and durable finishes. Organize your network, power, and data cables efficiently.

Key Takeaways

Mesh cable trays currently range from approximately \$0.80 per foot for bulk industrial orders to \$34 per unit for consumer retail products. Retail (B2C) PricingFor small-scale or home office use, wire mesh cable trays are available on platforms like Amazon, typically priced between \$15 and \$34 per tray.

These products are designed for under-desk or small installations, often featuring easy installation methods such as no-drill clamps, and are suitable for managing data and power cables in limited spaces. Industrial and Bulk (B2B) PricingFor commercial, industrial, or construction applications, prices vary significantly depending on size, material, and quantity. On Alibaba, bulk orders of wire mesh cable trays can range from \$0.

80 to over \$76 per unit, with options including 304 stainless steel, galvanized steel, and HDG basket trays. These trays are CE-certified, often come with a 10-year guarantee, and are suitable for large-scale cable management in data centers, factories, and infrastructure projects.

Supplier Options

Grainger: Offers wire mesh trays for routing and supporting small-diameter cables, with flexible configurations like curves, slopes, and tees. These trays are ventilated to prevent overheating and can be mounted on walls, ceilings, or under floors. McMaster-Carr: Provides over 475 wire mesh tray products in various sizes and styles, with same-day or next-day delivery for industrial needs.

R

S Components (UK): Stocks a wide range of wire mesh and basket cable trays, including stainless steel (304/316), electrogalvanized, hot-dip galvanized, and PVC options, catering to both commercial and industrial applications.

Key Considerations

Material: Stainless steel trays are more durable and corrosion-resistant, while galvanized or PVC trays are cost-effective for less demanding environments. Size and Configuration: Prices increase with larger dimensions, heavier gauge, or complex fittings. Volume: Bulk purchases significantly reduce per-unit cost, making B2B channels more economical for large projects.

In summary, mesh cable tray prices vary widely depending on the intended use, material, and purchase volume, with consumer trays starting around \$15 and industrial bulk trays available for under \$1 per foot in large quantities.
