Key Takeaways

Color steel cable trays in Moldova typically cost between $10 and $30 per meter, depending on material, coating, and size.

Price Range and Factors

The cost of steel cable trays in Moldova varies based on several factors: Material: Standard steel trays are generally the most affordable, while stainless steel offers higher corrosion resistance and costs more. Aluminum trays are lighter but pricier than steel.

Coating/

Finish: Powder-coated or color steel trays provide additional protection and aesthetic appeal. Powder coating increases durability and price, while pre-galvanized trays are cheaper but less resistant to corrosion. Type and Size: Ladder trays, perforated trays, and wire mesh trays differ in price.

Wire mesh trays are usually cheaper and suitable for lightweight cabling, whereas ladder trays support heavier loads and cost more. Supplier and Quantity: Bulk orders can reduce the per-meter cost. Local Moldovan suppliers like Jeetmull Jaichandlall and Brilltech Engineers offer competitive pricing and customizable options.
