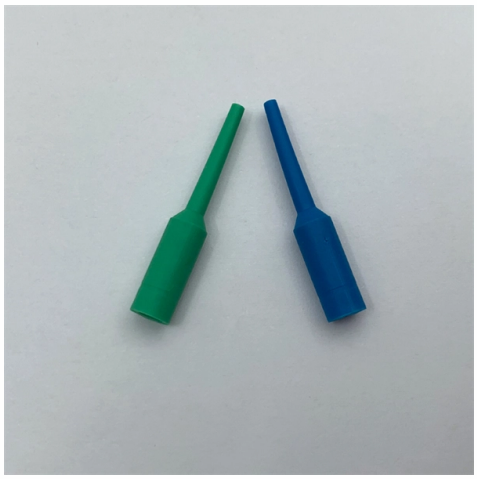
# Price of a 6-Port Fiber Optic Distribution Frame



## Overview

6-port Optical Fiber Distribution Frame Desktop Pigtail. The frame is compatible with a wide range of pigtail types, including SC, LC, FC, and ST, ensur.

## Key Takeaways

The price of a 6-port fiber optic distribution frame typically starts around $15–$25 USD for desktop models, depending on supplier and shipping options. For example, a 6-port desktop fiber optic distribution frame available on AliExpress is priced at approximately $15–$20 USD, designed for multimode fiber and compatible with SC, LC, FC, and ST pigtail connectors. Additional charges such as VAT or customs duties may apply depending on your country of delivery (AliExpress).

Supplier OptionsAliExpress: Offers compact desktop 6-port ODFs suitable for FTTH installations, with versatile connector compatibility and easy integration into small setups.

### India

Mart: Lists multiple manufacturers and suppliers of fiber optic distribution frames in India, where prices may vary based on material quality, port type, and bulk orders.

### Fiberinthebox and F

S: Provide rack-mounted ODFs with pre-terminated cables and splice trays, though 6-port models are less common in rack-mounted formats; these suppliers focus on larger-scale installations.

### Considerations

Connector Compatibility: Ensure the ODF supports the fiber connectors you plan to use (SC, LC, FC, ST). Fiber Type: Check if the frame is optimized for single-mode or multimode fiber. Installation Type: Desktop frames are compact and suitable for small setups, while rack-mounted frames are better for larger networks.

Shipping and Taxes: International orders may incur VAT, customs duties, or shipping fees. In summary, a 6-port fiber optic distribution frame can be purchased for around $15–$25 USD for desktop models, with prices varying based on supplier, shipping, and additional features.
