Price of sandwich cable trays

Overview

Cable Tray Price ListCable Tray Price List - Free download as PDF File (.pdf) or read online for free. Cable Tray Price List 2024 PDFPrice List Cable Tray.

Key Takeaways

Cable tray prices typically range from $2 to $25 per meter, depending on material, type, and size, with sandwich-style trays likely falling in the mid-to-high end of this range.

Pricing Overview

The cost of cable trays depends on several factors, including material, tray type, size, surface finish, and supplier. Common materials include: Galvanized steel: Affordable and durable, often used for general applications. Stainless steel: Corrosion-resistant, more expensive, suitable for harsh environments.

Aluminum: Lightweight and rust-proof, moderately priced. Plastic or FRP/GRP: Budget-friendly but limited to lighter loads. Sandwich cable trays, which are typically designed for heavy-duty or insulated applications, may cost more than standard perforated or wire mesh trays due to their layered construction and enhanced load capacity.

Cost Factors

Tray Type: Ladder trays are more expensive but support heavy cables; wire mesh trays are cheaper and ideal for lightweight cabling. Surface Treatment: Hot-dip galvanizing or powder coating increases durability and cost. Size and Thickness: Wider or thicker trays require more material, raising the price.

Order Quantity: Bulk orders can reduce costs by 20–40%. Installation and Accessories: Labor, brackets, and connectors add to the total project cost.

Typical Price Range

Wire mesh trays: $2–$10 per meterPerforated trays: $5–$15 per meterLadder or heavy-duty trays: $10–$25 per meter Sandwich-style trays, due to their specialized design, are likely closer to $15–$25 per meter, depending on material and supplier. For large projects, suppliers often provide custom quotes based on exact specifications, including length, width, and load requirements.

Cost-

Saving Tips

Consider bulk purchasing to reduce per-meter cost. Use lighter trays where heavy-duty support is not required. Compare local suppliers versus imported options, as importing can reduce costs by 30–50% in some cases.

For precise pricing, it is recommended to contact suppliers directly with your project specifications to get a tailored quote. Suppliers like Shielden and Ekabel24 offer a range of sandwich and heavy-duty cable trays suitable for industrial and commercial applications.
