

Price of upright cable trays

Overview

Cable Tray Price List 2025: Current Market Rates Find the latest cable tray price list for 2025. Compare B2B and B2C pricing, materials, and supplier optio.

Key Takeaways

Upright cable trays, including ladder and wire mesh types, typically range from \$100 to \$450 per straight section depending on size, material, and brand.

Price Overview

Wire Basket/

Tray Sections: Standard steel or pre-galvanized wire basket trays measuring around 2–6 inches deep and 10 feet long are priced between \$98 and \$434 per section at suppliers like Platt Electric Supply and Amazon.

Ladder-

Style Cable Trays: Steel ladder trays, commonly used for upright installations, range from \$191 to \$256 for 10-foot straight sections, with larger widths or heavy-duty models reaching \$220–\$450. Tubular or Runway Trays: Aluminum or steel tubular trays for vertical or overhead runs are priced around \$226–\$256 per section, depending on width and load capacity. Accessories and Fittings: Vertical elbows, splice plates, and support brackets typically cost \$25–\$50 each, which should be factored into total installation costs.

Factors Affecting Price

Material: Stainless steel and aluminum trays are more expensive than pre-galvanized or painted steel. **Size and Load Capacity:** Wider trays or those designed for heavier cable loads cost more. **Brand and Certification:** Premium brands like Eaton B-Line, nVent Hoffman, or Cablofil may carry higher prices due to UL certification and durability.

Length of Section: Standard sections are usually 10–12 feet; custom lengths may increase cost.

Buying Options

Industrial Suppliers: Platt Electric Supply, Grainger, and Graybar offer bulk and commercial pricing with same-day or next-day delivery. **Online Retailers:** Amazon and eBay provide smaller quantities or specialty trays, with prices ranging from \$15 for small under-desk trays to \$450 for heavy-duty industrial sections. For budgeting, a typical upright cable tray installation using standard 10-foot ladder or wire mesh sections will cost \$200–\$400 per section, plus additional fittings and supports.
