Ranking of self-operated galvanized cable tray manufacturers

Overview

A galvanized cable tray is a type of cable management system used to support and organize electrical cables in industrial, commercial, and even residential settings.

Key Takeaways

Top manufacturers of galvanized cable trays include Eaton, Schneider Electric, Legrand, Atkore International, Marco, and leading Chinese suppliers like Zhongxin Power Equipment and Shandong Alto Electrical Equipment.

Global Leaders

Eaton Corporation – Offers comprehensive galvanized cable tray systems for industrial and commercial applications, widely used in data centers, manufacturing plants, and utility projects worldwide, known for innovation and durability. Schneider Electric – Provides robust cable management solutions suitable for challenging industrial environments, including oil & gas and chemical facilities. Legrand Group – Specializes in aesthetically appealing and durable galvanized trays for modern infrastructure projects.

Atkore International (Cope Cable Tray) – Known for highly durable trays, particularly for petrochemical and power generation facilities. Marco Cable Tray Systems – Offers versatile systems adaptable to complex installations with minimal on-site modifications. Notable Manufacturers from AsiaZhongxin Power Equipment (Shandong) Co., Ltd – Leading Chinese manufacturer with a strong portfolio of galvanized cable trays, clamp brackets, and related electrical equipment.

Shandong Alto Electrical Equipment Co., Ltd – Recognized for high-quality galvanized trays and certifications ensuring reliability in industrial applications. Shandong Jiayang Electrical Equipment Co., Ltd – Offers a wide range of cable management solutions with a focus on durability and compliance with industry standards. Chengdu Juchuang Electrical Equipment Co., Ltd – Provides specialized trays for heavy-duty and outdoor installations.

Shandong Wanze Metal Materials Co., Ltd – Known for corrosion-resistant galvanized trays suitable for harsh environments.

Other High-

Quality ManufacturersPT. Trias Indra Saputra – Reliable for indoor and outdoor cable ladder systems. Chalfant Manufacturing – Offers innovative self-connecting and walkable tray lines with over 70 years of experience.

Sunil Engineering Corporation – Produces perforated and ladder trays with customized solutions.

ELCON CABLE TRAY

S PVT. LTD. – Specializes in wire mesh, ladder, and perforated trays with extensive accessory options. Snake Tray – Offers aluminum and steel trays with diverse product lines.

Key Considerations

Corrosion Resistance: Galvanized trays are coated with zinc to prevent rust, making them suitable for outdoor, chemical, or high-moisture environments. Durability: Steel base combined with galvanization supports heavy cable loads over long spans. Ease of Installation: Available in ladder, perforated, and solid-bottom designs for flexible routing.

Cost-

Effectiveness: Galvanized steel is generally more affordable than stainless steel or fiberglass while maintaining strong protection against corrosion. These manufacturers are recognized for high-quality products, certifications, and global or regional market presence, making them reliable choices for industrial, commercial, and infrastructure projects.
