

Recommended manufacturers of electrical distribution boxes in Southeast Asia

Overview

Asiatic Group The range of distribution boards and junction boxes are made from Thermoplastic Polystyrene and Thermoplastic Polycarbonate with IP65 to IP67.

Key Takeaways

Top manufacturers for custom electrical distribution boxes in Southeast Asia include Asiatic Group, EWJ, and J&HW Group, offering high-quality, customizable, and certified solutions. Leading Companies1. Asiatic Group Asiatic Group specializes in high-quality electrical enclosures and distribution boxes suitable for harsh environments.

Their products, including HENSEL distribution boards and ENYCASE junction boxes, are made from thermoplastic polystyrene and polycarbonate, offering IP65 to IP67 protection, UV resistance, corrosion resistance, and flame retardancy. These boxes are double-insulated to protection class II and are designed for safe, reliable low-voltage energy distribution in both industrial and commercial applications. 2.

EWJ EW

J is a professional manufacturer of metal enclosures, aluminum enclosures, and stainless steel junction boxes. They provide full OEM customization from prototype to mass production, accepting technical drawings in PDF, DWG, or STEP formats.

EW

J products are CE, ISO9001, and RoHS certified, ensuring compliance with international safety and quality standards. Their enclosures are suitable for outdoor and industrial applications, with IP65 ratings and robust construction for long-term durability. 3.

J&HW Group J&HW Group focuses on custom power distribution boxes with in-house production of components like sockets, wires, and casings. This integrated approach reduces costs, lead times, and inventory waste. They provide tailored solutions that avoid unnecessary features, ensuring a perfect fit for specific electrical distribution needs.

Their services are suitable for industrial, commercial, and project-based applications across Southeast Asia. Considerations for Choosing a Manufacturer Material and Protection: Thermoplastic, aluminum, or stainless steel enclosures with IP65–IP67 ratings are ideal for outdoor or harsh environments. Certifications: Look for CE, ISO9001, RoHS, or other international certifications to ensure safety and compliance.

Customization: Companies that accept technical drawings and provide OEM services allow precise adaptation to project requirements. Lead Time and Support: Manufacturers with integrated production and quality control can deliver faster and reduce risk of delays. For Southeast Asia, Asiatic Group is highly recommended for durable, weather-resistant plastic enclosures, EWJ for high-end metal and stainless steel solutions, and J&HW Group for fully customized, cost-efficient distribution boxes.

These companies combine quality, compliance, and flexibility to meet diverse industrial and commercial needs.
