Bahra Electric Bahra Electric provides customized cable trays made from steel, aluminum, and galvanized steel. Their systems are designed to withstand harsh environmental conditions, making them suitable for indoor and outdoor fire-resistant installations. 5.

Hitech Fence Hitech Fence supplies heavy-duty cable trays with GI, HDG, and powder-coated finishes. Their systems are designed for industrial plants, substations, and large MEP projects, offering long-term durability and fire safety under extreme temperatures and UV exposure.

Key Considerations

Material and Coating: Look for galvanized steel, powder-coated, or hot-dip galvanized trays for fire resistance. Certifications: ISO 9001 and other quality certifications ensure compliance with safety and performance standards. Project Suitability: Choose manufacturers experienced in industrial, oil & gas, or infrastructure projects for reliable fireproof solutions.

Customization: Many manufacturers offer custom designs to meet specific load, size, and environmental requirements. These manufacturers are recognized for providing robust, fire-resistant cable tray systems suitable for Saudi Arabia's industrial and commercial projects.
