Niedax Group: Headquartered in Germany, Niedax offers a wide range of cable management solutions, including ladder and perforated trays. Their products are corrosion-resistant, durable, and compliant with European standards, making them suitable for heavy-duty installations in Slovakia. Spina Group (Italy): Specializes in ladder cable trays and perforated trays, providing custom solutions for industrial and commercial projects.

Their products meet UNI EN 61537 and NEMA VE1 standards, ensuring safety and reliability.

Key Features to Consider

Material Options: Steel, stainless steel (SS304, SS316), aluminum, and PVC. Durability: Corrosion-resistant coatings, hot-dip galvanization, or powder coating. Compliance: EN 61537 and IEC 61537 standards for cable tray systems.

Customization: Pre-punched holes, adjustable lengths, and modular designs for future expansion. Applications: Industrial plants, commercial buildings, data centers, and infrastructure projects. These brands and suppliers provide a range of ladder cable trays suitable for heavy-duty, indoor, and outdoor applications, ensuring organized, safe, and efficient cable management in Slovakia.
