

Standard cable tray sealing price

Overview

Price List Cable Tray 2024 - Free download as PDF File (.pdf), Text File (.txt) or view presentation slides online.

Key Takeaways

Cable tray sealing systems typically range from \$50 to \$300 per tray section, depending on size, material, and fire or environmental ratings.

Cost Factors

The price of sealing a cable tray depends on several key factors: Tray Size and Cable Density: Larger trays or those carrying multiple cables require bigger or more complex sealing modules, increasing cost. Material: Seals are made from high-grade polymers like EPDM, silicone, or polyurethane, while frames may be stainless steel, aluminum, or galvanized steel. Higher-grade materials for chemical, UV, or corrosion resistance increase the price.

Fire and Ingress Protection Ratings: Systems with firestop certification, IP66 ingress protection, or smoke barriers are more expensive due to testing and compliance requirements. Installation Complexity: Modular, flexible designs reduce labor costs, but custom or retrofit installations may require additional engineering and labor.

Typical Price Ranges

Standard modular seals for small to medium trays: \$50–\$150 per tray section. High-performance firestop or IP-rated systems: \$150–\$300 per tray section. Custom or large-scale industrial solutions: Prices can exceed \$300 per section, especially for underground or high-pressure water applications.

Additional Considerations

Future Cable Changes: Modular systems allow easy addition or removal of cables, reducing long-term costs. **Compliance and Certification:** Ensure the system meets local fire codes, NEC, IEC, or other relevant standards. **Supplier and Warranty:** Established suppliers with proven track records may charge a premium but provide better support and reliability.

For precise pricing, it is recommended to contact suppliers directly with tray dimensions, cable count, and environmental requirements, or use online design tools like the Roxtec Transit Designer to generate a tailored cost estimate.
