

Vietnam Stock of Tunable Optical Modules SFP

Overview

Optical Module Suppliers from Vietnam Access 801 verified Optical Module Suppliers in Vietnam with shipment-level prices, volumes, routes, buyer networks.

Key Takeaways

Vietnam has a robust network of suppliers and manufacturers for tunable SFP optical modules, with over 200 active suppliers serving both domestic and international markets.

Key Suppliers and Manufacturers

Shunsin Technology Bac Giang Ltd.: Leading supplier in Vietnam, accounting for 18% of the country's optical transceiver exports, offering modules like FTLC-SFP-10G-LRi (10G SFP+ for 10 km SMF) and FTLC-SFP-10G-ZRi (up to 80 km SMF).

Amphenol X

Giga (Vietnam) Communication Technology Co. Ltd.: Holds 14% of Vietnam's optical transceiver exports, providing high-quality SFP+ modules compatible with major networking brands.

SHUNYUN TECHNOLOGY HANOI VIETNAM LIMITE

D: Third-largest exporter with 13% market share, supplying a range of SFP and SFP+ modules. Viet Nam Green Communication Joint Stock Company: Local supplier of SFP optical modules, offering trading and quotes for various module types.

Distributors and Retailers

Starview International: Specializes in multi-vendor environments, offering reprogrammable modules compatible with Arista, HPE, and other brands, with labs in Hanoi and Ho Chi Minh City for MSA-compliant testing.

CNTT

Shop – Viet Sun: Known for maintaining stock and providing 24-hour replacement services for major brands like Cisco, Dell, and Juniper.

VN

Experts: Offers a wide range of optical modules (SFP, SFP+, QSFP, CFP) compatible with Cisco, Juniper, HPE, Huawei, and others, with nationwide delivery and technical support. Norden Communication: Provides end-to-end solutions including modules, cables, and monitoring systems, suitable for large-scale infrastructure projects.

Product Specifications and Availability

Tunable SF

P modules in Vietnam support data rates from 1.25 Gbps to 10 Gbps, with transmission distances ranging from 10 km to 80 km over single-mode fiber (SMF). Modules are MSA-compliant, hot-swappable, and compatible with major networking equipment, ensuring easy integration into existing networks.

Suppliers maintain both brand-new and third-party compatible modules, often with warranty and technical support options. Market Overview Vietnam's optical module market is well-established, with 206 suppliers exporting to over 229 global buyers, indicating strong production capacity and stock availability for both domestic and international clients. For urgent requirements, distributors like CNTTShop and VNExperts can provide immediate stock and replacement services, while manufacturers like Shunsin and Amphenol XGiga handle bulk orders and long-term supply contracts.

In summary, Vietnam offers a wide selection of tunable SFP modules, supported by experienced suppliers and distributors capable of meeting diverse networking needs, from enterprise upgrades to large-scale data center deployments.
