Waterproof electrical distribution box companies

Overview

Selhot Electric offers factory-direct IP65/IP67 waterproof distribution boxes. UV-resistant PC/ABS material, CE/TUV certified, custom knockouts available. Get a quote today.

Key Takeaways

Top companies for high-quality waterproof electrical distribution boxes include SinoBreaker, ZCEBOX, Saipwell, ABB, and BJ Enclosure, offering IP65–IP68 rated enclosures suitable for industrial, outdoor, and marine applications. SinoBreakerSinoBreaker offers IP65–IP68 waterproof distribution boxes designed for harsh outdoor and industrial environments. Their product range includes plastic enclosures and DIN rail configurations, with options for compact AT Series or larger HT Series for more internal space and cleaner wiring layouts.

These boxes are UV-stabilized, flammability-tested, and built with ABS or polycarbonate for long-term durability.

Sino

Breaker also provides custom sizing and bulk orders, making them suitable for specialized installations like solar systems, pumps, and lighting networks.

ZCEBOXZCEBO

X manufactures IP65 and IP66 rated waterproof distribution boxes for outdoor and industrial use. Their enclosures are CE and RoHS certified, ensuring compliance with international safety standards.

ZCEBO

X emphasizes durable materials and customizable solutions, making them a reliable choice for applications requiring robust protection against dust, water, and environmental exposure.

Saipwell

Saipwell provides customizable waterproof distribution boxes with a variety of materials and dimensions. Their products allow for tailored solutions to meet specific project requirements, including adjustments in size and material selection. This flexibility is ideal for users needing specialized enclosures for unique electrical setups.

ABBAB

B offers a broad range of low-voltage electrical boxes suitable for industrial and commercial applications.

While AB

B is more widely known for its comprehensive electrical distribution and management systems, their enclosures are designed to enhance safety, reliability, and efficiency in power distribution, making them a strong option for professional installations requiring high-quality, certified products.

B

J EnclosureBJ Enclosure specializes in premium waterproof distribution boxes with advanced sealing technologies, including rubber gaskets, compression seals, and welded joints. Their enclosures achieve IP65–IP67 ratings and are made from corrosion-resistant materials like stainless steel, aluminum alloy, or high-grade polycarbonate.

B

J Enclosure also offers modular internal designs, smart monitoring, and temperature regulation, making them suitable for extreme outdoor conditions, marine environments, and industrial automation.

Recommendation

For general outdoor or industrial use, SinoBreaker and ZCEBOX provide reliable, cost-effective options with IP65–IP66 protection. For high-end, mission-critical applications requiring advanced sealing, corrosion resistance, and smart monitoring, BJ Enclosure is a top choice. Saipwell is ideal for customized projects, while ABB is suitable for integrated electrical systems in commercial or industrial settings.

Choosing the best company depends on your specific application, environmental conditions, and customization needs. All these companies offer durable, certified solutions that protect electrical connections from water, dust, and UV exposure.
