What are some OEM manufacturers for fiber optic splice boxes

Overview

With their compact and uniform design, the splice boxes for both the DIN rail and 19" mounting provide ample interior space for the secure connection of fiber optics.

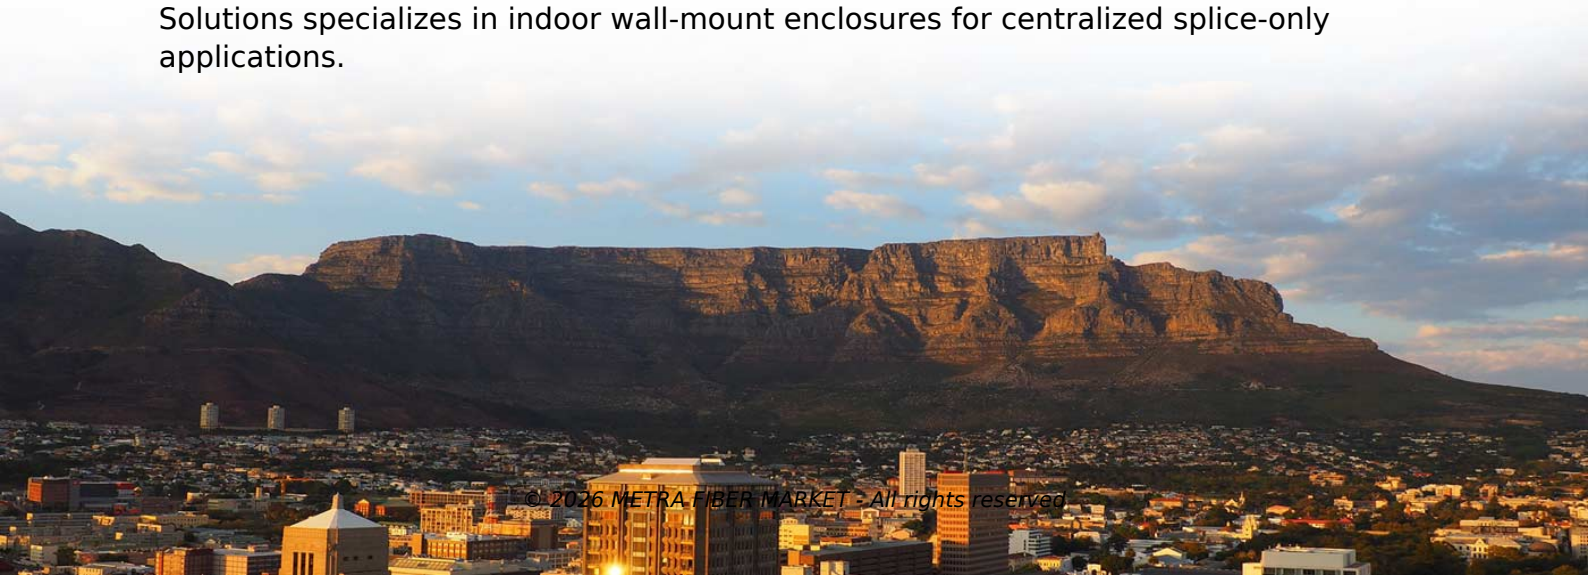

Key Takeaways

Leading OEM manufacturers of fiber optic splice boxes include EFB-Elektronik, Phoenix Contact, Amphenol Network Solutions, and specialized European producers offering customizable, high-quality solutions.

Key OE

M ManufacturersEFB-Elektronik offers a wide range of fiber optic splice boxes and distribution boxes, including pre-assembled and customizable options. They operate their own fiber optic production facility, enabling tailored solutions and fast delivery for both standard and specialized requirements. Phoenix Contact provides compact and DIN rail-mountable splice boxes designed for reliable real-time data transmission.

Their products feature IP20 protection, metal housings, and flexible splicing configurations suitable for industrial and commercial applications. Amphenol Network Solutions specializes in indoor wall-mount enclosures for centralized splice-only applications.

Their FS

B series supports high-density splice storage, ribbon or single fiber splicing, and modular cable port accessories, making them suitable for DAS, MTU, and MDU networks.

European OE

M Manufacturers: The DACH region (Germany, Austria, Switzerland) hosts manufacturers with in-house production, offering high-quality, modular splice systems such as SlimConnect and VarioConnect. These manufacturers emphasize Swiss precision, compliance with IEC 61754 standards, pre-terminated options, and high port density up to 96 fibers per 1U. They provide short lead times, custom configurations, and robust outdoor-rated boxes with IP65 protection.

Considerations for Selecting an OEMCustomization: Ability to produce pre-assembled or modular splice boxes tailored to project requirements. Quality Standards: Compliance with IEC 61754 and other certifications ensures reliability. Port Density: High-density solutions reduce space requirements and improve network scalability.

Delivery & Support: European manufacturers often provide faster delivery and technical consultation. Application Suitability: Indoor vs. outdoor, industrial vs. commercial, and compatibility with MPO/MTP or E2000 connectors.

Conclusion

For OE

M fiber optic splice boxes, EFB-Elektronik, Phoenix Contact, Amphenol Network Solutions, and specialized European manufacturers are leading options. They offer customizable, high-quality solutions suitable for a variety of network applications, from residential FTTH deployments to industrial and data center environments, with strong technical support and compliance with international standards.

Splice boxes | Phoenix Contact

With their compact and uniform design, the splice boxes for both the DIN rail and 19" mounting provide ample interior space for the secure connection of fiber optics.

OEM Fiber Optic Box Solution

GETEKnet offer a complete range of OEM fiber enclosures and boxes, covering all types of network applications. For fiber splicing, we provide durable fiber splice

Leading 8 Fiber Box Manufacturer in US

© 2026 METRA FIBER MARKET - All rights reserved

This post lists 8 fiber box manufacturers and suppliers in USA. Take a look at their list and obtain detailed information about them.

Manufacturer Products | EKS

This makes the company a one-stop shop for all customer fiber needs. For efficient termination of incoming fiber optic cables, EKS offers a range of splitter boxes for both single-mode and multi-mode

Fiber Optic Enclosure Supplier and Manufacturer

The Century Fiber Optics ESTC series of OSP wall mount indoor/outdoor enclosures accommodate a variety of splice and termination options.

Fiber Splice Trays OEM/ODM Custom Solutions

Durable and customizable fiber splice trays for telecom, FTTH, and data center networks. OEM/ODM options available for size, capacity, and design.

Fiber Optic Splice Closures | Sealed and High-Density

AFL offers robust fiber optic splice closures—including Apex® high-density and LightGuard® weathertight and sealed models—for above-ground, aerial, and

Fiber Optic Enclosures & Cabinets | Made in the USA

American Products offers a full line of indoor fiber optic enclosures for splicing, termination, and structured fiber management. These compact solutions serve as organized transition points for

51 Fiber Optic Products Manufacturers & Suppliers in the World

This post collects and lists information of 51 leading fiber optic product manufacturers in the world, including their basic company introduction, contact information, etc.

Fiber Optic Pigtail: The Complete Guide to Types,

Confused about fiber optic pigtails—which connector type, which polish, fusion or mechanical splice? Our guide covers LC vs SC, APC vs UPC,

Durable FTTH Terminal Box | Fiber Termination Enclosure for Safe ...

FTTH Termination Box available for the distribution and terminal connection for various kinds of optical fiber system, Some are used for indoor cabling and others are designed to install on outdoor pole or

The Complete Guide to Fiber Optic Cable Management
