What are some manufacturers of optical cable tester accessories

Overview

Fiber Optic Test Equipment | Suppliers Explore 80 top manufacturers and suppliers of Fiber Optic Test Equipment in our comprehensive photonics buyers' guid.

Key Takeaways

Leading manufacturers of optical cable tester accessories include Viavi Solutions, Jonard Industries, Glenair, Torontech, and OZ Optics.

Key Manufacturers and Their Offerings

Viavi Solutions, Inc. (Arizona, USA) produces a wide range of network testing and measurement products, including optical fiber inspection tools, test probes, and accessories for network performance troubleshooting and fiber optic maintenance. Jonard Industries Corp. (Tuckahoe, New York) specializes in tools for telecom, CATV, and fiber optic industries, offering accessories such as termination kits, polishing tools, and inspection devices. Glenair provides fiber optic termination kits, inspection tools, cleaning supplies, and test probe kits for both lab and field applications.

Their kits include pin and socket polishing tools, jacket strippers, shears, and scribes, covering all steps of fiber optic assembly and testing. Torontech offers Optical Fibre Cable Testing Machines (OFC Testers) and accessories designed to meet IEC 60794 standards. Their products include equipment for tensile strength, crush resistance, impact, and repeated bending tests, ensuring comprehensive optical and mechanical performance evaluation.

Z Optics Limited (Ottawa, Canada) supplies a variety of fiber optic test equipment and accessories, including PER meters, polarized sources, polarization controllers, digital and manual variable attenuators, and laser-to-fiber delivery systems. Other notable suppliers include Schaefter+Kirchhoff, NYFORS, and Nextrom, which provide specialized tools for fiber processing, splicing, and production technologies.

Summary

These manufacturers provide a broad spectrum of optical cable tester accessories, ranging from field termination kits and polishing tools to advanced laboratory and production testing equipment. Choosing a supplier depends on the specific needs, whether for field installation, lab testing, or production environments.

Fiber Optic Test Equipment

Fiber Optic Test Equipment is used to certify and troubleshoot fiber optic networks. From OTDR''s to Visual Fault Locators, these essential testing tools help you to be the expert in charge of your fiber

Fiber Test and Inspection Products | AFL Global

Great test and inspection equipment performs even better when outfitted with the correct accessories for the job. AFL offers a full range of accessories to help you get the most from your test and inspection

Fiber Inspection Testers & Certification Tools

Fiber optic test equipment featuring fiber testers and certification equipment, test and inspection products, light sources, power meters for optical loss - and more.

Fiber Optic Cable Supply | Buy Fiber Optic Products from The Most ...

Shop for fiber optic cables at Cables Plus USA, leader in fiber optic products supply offering high-quality products at the best value through our fiber optic cable wholesale. Buy and save big on bulk orders.

Precision Fiber Products, Inc. | Leading Fiber Optic Product Solutions

Explore top-tier fiber optic solutions at Precision Fiber Products, Inc. We specialize in high-quality fiber optic cables and essential accessories, delivering industry-leading performance and reliability.

Corning | Materials Science Technology and Innovation

Amazon announced a multibillion-dollar agreement with Corning Incorporated, a leading manufacturer of advanced glass and fiber optic technology, to supply the
