Where can I buy tray-type cable trays in Saudi Arabia

Overview

Cable trays provide a safe, organized, and efficient method for supporting and routing electrical cables across industrial, commercial, and residential installations.

Key Takeaways

Saudi Arabia has a robust supply of tray-type cable trays, including galvanized steel, powder-coated, stainless steel, and FRP options, available from multiple certified suppliers for industrial, commercial, and infrastructure projects.

Key Suppliers and Offerings

Matkel supplies engineered cable tray systems suitable for harsh environments, including ladder, perforated, and wire mesh types. Their products comply with SASO IEC 61537 and Saudi Electrical Code (SEC) Clause 5. 14, with load ratings from 100kg/m to 400kg/m and widths from 100mm to 900mm.

They offer hot-dip galvanized steel and FRP variants, with zinc coatings exceeding 600g/m² for coastal corrosion resistance, and provide regional logistics to Riyadh, Jeddah, Dammam, and NEOM zones. Hitech Fence provides durable cable tray systems for industrial plants, data centers, warehouses, and commercial buildings. Their trays are designed for heavy-duty power and control cable runs, with corrosion-resistant finishes such as GI, hot-dip galvanized, and powder-coated options.

They emphasize flexible routing with bends, tees, reducers, and couplers, suitable for complex cable networks and outdoor installations.

MECS

S has over 20 years of experience manufacturing cable trays, ladders, trunking, and other cable support solutions, offering a wide range of products for industrial and commercial applications across Saudi Arabia. Integrated Steel Plant offers a pan-Saudi presence, supplying ladder, perforated, stainless steel, powder-coated, and galvanized cable trays. Their manufacturing adheres to ISO 9001: 2015 standards, with rigorous quality testing for tensile strength, dimensional accuracy, and hardness.

They cater to factories, manufacturing units, and infrastructure projects, ensuring products are suitable for local weather conditions.

Product Features and Standards

Materials: Hot-dip galvanized steel, stainless steel, powder-coated steel, FRPLoad Ratings: Light (100kg/m), Medium (250kg/m), Heavy (400kg/m)Compliance: SASO IEC 61537, SEC Clause 5. 14, UL certification for some suppliersCustomization: Bends, tees, reducers, couplers, and supports for complex layoutsDurability: Corrosion-resistant coatings, UV and temperature-resistant finishes for outdoor and desert environmentsRegional AvailabilitySuppliers provide direct logistics and support to major cities and industrial zones, including Riyadh, Jeddah, Dammam, NEOM, and other industrial corridors, ensuring timely delivery and project-specific customization.

Conclusion

Saudi Arabia offers a wide range of tray-type cable trays from multiple certified suppliers, suitable for industrial, commercial, and infrastructure projects. Buyers can select from various materials, load capacities, and custom configurations while ensuring compliance with local and international standards. For procurement, it is recommended to request custom quotes and technical datasheets to match project specifications and environmental requirements.
