Where to buy cheap cold-joint splices

Overview

Our heat shrink power cable joints and splices provide excellent electrical and mechanical characteristics, offering insulation, protection, and sealing for cables and accessories.

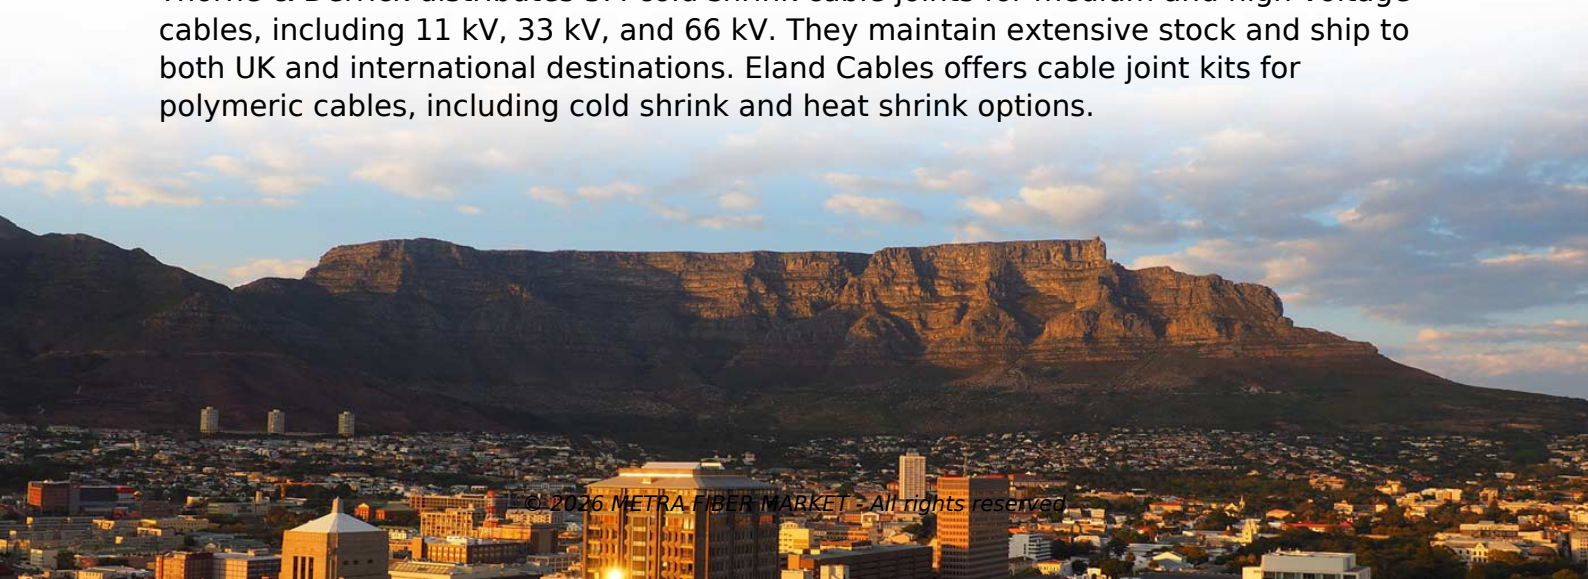

Key Takeaways

Cold-joint splices can be purchased from specialized electrical suppliers, manufacturers like TE Connectivity and 3M, and distributors such as Thorne & Derrick or Eland Cables. Manufacturer Direct PurchaseTE Connectivity offers a wide range of cold shrink cable joints and terminations suitable for medium voltage applications. You can browse their portfolio and purchase select products directly on TE.com, or locate authorized distributors by country for local support and delivery.

3M provides cold shrink splices and kits for voltages ranging from 1 kV to 145 kV. Their products are designed for easy installation and reliable performance. You can access product catalogs, technical data sheets, and purchase options through 3M's website.

Authorized Distributors and Suppliers

Thorne & Derrick distributes 3M cold shrink cable joints for medium and high voltage cables, including 11 kV, 33 kV, and 66 kV. They maintain extensive stock and ship to both UK and international destinations. Eland Cables offers cable joint kits for polymeric cables, including cold shrink and heat shrink options.

They provide solutions for low and medium voltage applications, with technical support to help select the appropriate joint for your installation. Key ConsiderationsCold-joint splices are available for various cable types (XLPE, EPR, PVC, PE, LSZH) and configurations (single-core, three-core, armoured, unarmoured). When purchasing, consider the voltage rating, cable insulation type, and connector compatibility.

Many suppliers provide installation guides, videos, and technical support to ensure proper application and safety. By contacting these manufacturers or distributors, you can obtain the right cold-joint splice for your project, either through online ordering or via local authorized suppliers.

Electrical Joints | TE Connectivity

Our heat shrink power cable joints and splices provide excellent electrical and mechanical characteristics, offering insulation, protection, and sealing for cables and accessories.

Cable Joint Kits

Our Cable Joint Kits connect polymeric cables to provide electrical continuity in power distribution across spliced cables. Connecting two lengths of cable, often installed externally, is a highly specialist skill,

Inline Splice: Cold Shrink, 15-35 kV

TE''s Raychem in-line cold shrink joint (CSJA-1C) for 1/C shielded cable from 15 kV to 35 kV, is designed to splice tape shield, wire shield, LC shield, UniShield, JCN and flat strap shielded cables.

100pcs Solderless Quick Splice Snap Wire Connectors, 18-14 AWG

Wire Splice Connecors: The snap lock wire connector is a very quick and reliable method to join 2 lengths of wire together or tap into existing line. No need to strip the wire, ideal for complex circuits.

Cable Joints | Cable Joints & Kits | RS

Cable joints, also known as cable splices, are connections made between two or more electrical cables to enable the continuous flow of electrical current. These joints are essential in various applications,

Amazon : Nawwgy Underground Splices Set Submersibles

© 2026 METRA FIBER MARKET - All rights reserved

Features: ensures Stable and waterproof electrical connection with these Underground Splices set, designs for Submersibles Pumps wire splicing and direct burial applications.

3M Cold Shrink Splices

3M electrical splices feature cold shrink technology, which is engineered for easy installation by unwinding the inner core.

Cold 2-Wire Splice (UY)

Go ''cold splice'' with these snap-able plastic splices for fast connections. Use with any 22-26 AWG solid core wire and slip them into the plastic splice so that they

Buy Cable Joint Kits Online | Cable Accessories | CEF

Cable joint kits provide comprehensive solutions for connecting and repairing electrical cables in various installations. These kits include all necessary components to ensure secure, reliable, and insulated

COLD SHRINK JOINTS, COLD SHRINK SPLICES, 20KV 22KV 24KV 3M QS200 COLD ...

3M QS200 Cold Shrink Inline Cable Joints & Splices - Product Features The versatile design of the prefabricated one-piece cold shrink splice body allows installation on a wide range of cable sizes and

3M Cold Shrink Splices for Energy | 3M United States

3M™ Cold Shrink Splice Kit QS-III Series 5545A, Longitudinally Corrugated, 46kV, 4/0-1000 kcmil (120-500 mm²), 1/case 3M Stock B5005113031 UPC 00051128550892

100pcs Solderless Quick Splice Snap Wire Connectors, 18-14 AWG

100pcs Solderless Quick Splice Snap Wire Connectors, 18-14 AWG Splice Connector (Cable Joiner), Blue Cold Pressed Insulated Electric Wire Crimp Connectors

Cold Splice Wire Tap (UB)

Go ''cold splice'' with these snap-able plastic splices for fast connections. Use with any 22-26 AWG solid core wire and slip them into the plastic splice so that they

Cold Lay Macadam for Pothole Repairs | Travis Perkins

Repair tarmac in driveways and paths by shopping Travis Perkins'' range of pothole repair products. Buy cold lay macadam by the bag, with no mixing needed.

3M Cold Shrink Splices | 3M United Kingdom

Cold Shrink Splices 3M™ Cold Shrink Medium Voltage splice joint kit QS200 93-AK 620-3/C, application up to 24kV. kit includes mechanical conn...
