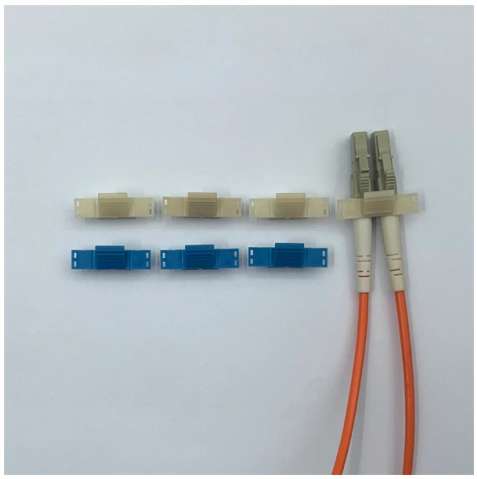
Which company offers the cheapest polymer cable trays



Overview

Discover plastic cable trays and management solutions for a cleaner workspace. Find options for under desk, wall-mounted, and server rack setups.

Key Takeaways

For the most affordable polymer cable trays, online retailers like Walmart and Amazon offer options starting as low as $8–$12 per tray.

Online Retailers

Walmart offers several low-cost plastic cable trays, including the Adjustable Cable Management Tray for $8. 39 and CIMAXIC 2-pack under-desk trays for $9. 27, making it one of the cheapest sources for small-scale purchases.

Other options like Supvox 2-pack trays are priced around $12. 74, providing budget-friendly alternatives for home or office setups. Amazon features a wide range of plastic cable trays, with prices starting around $10–$15 for small under-desk or wall-mounted trays, such as ZhiYo and ENONCI kits.

Amazon also offers discounts and coupons on select items, which can further reduce costs.

Manufacturers and Distributors

Selco Manufacturing Corp. and Acme Wire Products Co., Inc. provide polymer cable trays in bulk, suitable for industrial or commercial projects. While exact pricing is not listed online, these manufacturers are known for competitive pricing on large orders. Atkore and Snake Tray offer fiberglass and polymer cable trays with cost-effective solutions for larger installations, particularly in industrial or solar projects.

Snake Tray emphasizes reducing overall construction costs and freight expenses, which can make their trays more economical for bulk purchases.

Thomas

Net and B2B marketplaces allow direct contact with suppliers for quotes, often resulting in lower prices for bulk polymer trays compared to retail options.

Recommendations

For individual or small-scale purchases, Walmart and Amazon provide the cheapest polymer cable trays, with prices starting under $10 per tray. For bulk or industrial orders, contacting manufacturers like Selco, Acme Wire, or Snake Tray through ThomasNet or B2B platforms can yield lower per-unit costs and shipping savings. Consider shipping costs and installation accessories when comparing prices, as some suppliers include mounting hardware or adhesive options, which can affect overall cost efficiency.

By combining online retail for small quantities and direct manufacturer quotes for bulk orders, you can secure the most cost-effective polymer cable trays for your project needs.
